Subject: Council Meeting item #15 - Pacifica Local Roadway Safety Plan

[CAUTION: External Email]

Speed Bumps!

Manor Drive between Skyline and Oceana — speed bumps would go a long way.

First, speed bumps would create an impediment not just to "California stops" (i.e. "rolling stops"), but also to commercial vehicles north of 10,000 lbs. GVW using Manor as a thoroughfare.

Second, Manor Drive has kids playing, homeowners fixing homes, pets playing , etc. that don't exist along Sharp Park Rd (the alternate route).

We believe that something must be done to Manor Dr to make it less appealing to non-local traffic and illegal parking. We believe that Police reports and witness accounts substantiate our concerns. Manor Dr is a problem.

A. Parker Mathews
Westview, District 2

RE: Manor Drive speeding

Esteem members,

Please consider placing speed humps or bumps at various locations on Manor Dr. There are a few cross streets along Manor Drive where the grading is less than 8% and would be possible to place such traffic calming devices. Of course, it's obvious that warning signs must be placed indicating bumps or humps ahead. Stop signs don't necessarily slow down traffic.

Thank you,

Patricia McGregor

Manor Dr.

Pacifica, CA. 94044
