Subject: Item 10. Pedestrian and Bicycle Path Improvement Palmetto & Esplanade, 10 Jul 2023 council meeting

[CAUTION: External Email]

Glad to see improvements Esplanade. Can not be soon enough in neglected recreational coastal trail at Manor & Esplanade.

Agenda Item 15 –
Local Roadway Safety Plan

Written Comments Received After 12pm on 07/10/2023

July 10, 2023
City Council Meeting

Subject: Manor Drive @ Skyline

[CAUTION: External Email]

Suggestion: you could probably reduce some of the accidents there by lengthening the left turn lane onto Manor from Skyline Northbound, as well as providing a short right lane turn from Manor onto Skyline Southbound. This would reduce a lot of the congestion at that location, and might make folks less likely to try to “make the light”.

There seems to be plenty of “room” to do both of these minor adjustments.

Randy Soares

Manor area resident

Subject: Item 15

[CAUTION: External Email]

Ref: Item 15.

It is a disgrace to consider a Roadway Safety Plan for Pacifica that does not include those on Manor Drive, particularly the one near the Post Office, where parked and speeding cars mean pedestrians endanger their lives, every time they attempt to cross the road.

That crossing is a serious accident just waiting to happen.

I tried Sending this last night but it would not go threw...

In regards to potential development at Oceana High School and to the Pacifica Housing Element. Oceana High School is a safe haven and is essential for people from the Manor district to the South Sharp Park neighborhoods. It is open space that so many enjoy from these neighborhoods that can come here either by walking or driving as they do throughout the day. I'm not sure if these essential human qualities of a City such as Pacifica has included in the planning for development to having a flat open space, but if Oceana High were to be developed it would take away this recreational Haven. Even if only limiting this Development to a percentage of the field, this would still take away this haven/recreation field that is enjoyed by so many in these communities (families, students, lone walkers, dog walkers, people who like to fly kites, play or throw a football/baseball or even bird watchers.) There is a multitude of information and resources on how Open Spaces are essential to communities on the internet. <https://www.zameen.com/blog/open-spaces-cities.html> Oceana High School is our only flat Open space. Development should be avoided here at all costs.

Pacifica Risendent,
Rocky Romero
