CTN OF PACIFIC

Scenic Pacifica Incorporated Nov. 22, 1957

December 2, 2019

Honorable Mayor, Members of the City Council, and Citizens of the City of Pacifica, California

CITY OF PACIFICA 170 Santa Maria Avenue • Pacifica, California 94044-2506

www.cityofpacifica.org

We are pleased to submit the City of Pacifica's Comprehensive Annual financial Report (CAFR) for the fiscal year ended June 30, 2019.

Management assumes full responsibility for the completeness and reliability of the information contained in the CAFR. To provide a reasonable basis for making these representations, management has established a comprehensive framework of internal control that is designed both to protect the government's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). As the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City's independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The City's independent auditor, Maze & Associates, has issued an unmodified ("clean") opinion on the City of Pacifica's financial statements for the fiscal year ended June 30, 2019. The independent auditor's report is located at the front of the financial section of this report.

In addition to meeting the requirements set forth by State law, the audit is also designed to meet the requirements of the Single Audit Act of 1984 and U.S. Office of Management and Budget Circular A-133. The standards governing Single Audit engagements require the auditor to report on the City's internal controls and compliance with certain legal requirements with special emphasis on the administration of federal awards. These reports are available in the City's separately issued Single Audit Report.

GAAP and the Governmental Accounting Standards Board require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

MAYOR Deirdre Martin

MAYOR PRO TEM Sue Beckmeyer

> COUNCIL Sue Vaterlaus Mike O'Neill Mary Bier

City of Pacifica Profile

The City of Pacifica is a full service city located on the Pacific Coast in San Mateo County directly south of San Francisco. Located within the Bay Area Peninsula, it is framed by the ridges of the Coast Range on the east, Montara Mountains on the south, and the Pacific Ocean on the west. The City of Pacifica encompasses roughly 12.6 square miles (of which approximately one-half is publicly owned open space), is largely built out, and serves a population of approximately 39,000. A combination of residential, office and commercial retail businesses, and natural open space, comprise the makeup of the City. The City of Pacifica, while located in the midst of a major metropolitan region, is a unique family-oriented coastal community that prides itself on fostering a "small town" feel. The City's geographic setting, its proximity to San Francisco and the San Francisco International Airport, along with its natural open space and coastal beauty, make it a desirable place to live and work.

The City of Pacifica is a General Law City incorporated in 1957 and operates under the Council-Manager form of government. Legislative authority is vested in a five-member City Council elected at large for four-year overlapping terms. The Mayor is selected each year by a majority vote of the other Council members. The Council appoints the City Manager, City Attorney, and members of advisory commissions and committees.

The City provides the following services to its residents: public safety (police and fire), highways and streets, sanitation, parks, beaches, and recreation, social services, planning and zoning, and leadership through general administrative services.

Water, garbage, gas and electric utilities are provided directly through other agencies not under City operations.

The City performed certain infrastructure construction and economic development activities through a separate Redevelopment Agency until its dissolution on February 1, 2012. The City of Pacifica accepted the role of Successor Agency to the Redevelopment Agency per Council action on January 23, 2012.

Economic and Financial Outlook

California's economy is expected to maintain strong growth despite an uncertain political environment and financial market volatility. The Bay Area's growth will also continue, although at a much slower pace than the past couple of years. According to the Bureau of Labor Statistics, in August 2019, the United States unemployment rate was 3.8 percent, the State of California was 4.1 percent, and San Mateo County was 2.1 percent.¹

Pacifica's coastal location on the Bay Area Peninsula with its natural open space and coastal beauty, along with its proximity to the San Francisco International Airport and its visitor-serving resources, continues to be an asset for development in the City.

While residential development has reached near build out conditions, commercial development potential is high in Pacifica as several commercially zoned sites are in various phases of the permit process and other commercial sites remain undeveloped or underdeveloped. The City and the Pacifica Chamber of Commerce are active in encouraging resident and visitor-serving business startups.

¹ Bureau of Labor Statistics, <u>San Francisco Area Economic Summary – Updated October 2, 2019</u>

The City of Pacifica has continued to be fiscally conservative in financial investments, as well as with the development of a Long-Term Financial Plan. The current Long-Term Financial Plan was presented to the City Council in February 2019. The City remains vigilant in its efforts to continue to provide essential City services, while maintaining sufficient levels of fiscal control and accountability.

The City maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City's governing body. Activities of the general fund, special revenue funds, enterprise funds, debt service fund, and internal service funds are included in the annual appropriated budget. The Capital Improvement Projects budget reflects existing projects that do not lapse at year-end, but are carried forward until completion of the project.

The City Council conducts public hearings before adopting the budget, thus giving the public an opportunity to be heard. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is maintained at the department level by tracking expenditures and budget authority. Unexpended budget appropriations lapse at the end of the fiscal year with the exception of capital improvement projects.

The City Manager is responsible for the preparation of the budget, and along with the Assistant City Manager, is responsible for monitoring the budget for legal compliance.

Acknowledgements

Our goal is to publish financial information that is helpful to policy leaders. Preparation of the Comprehensive Annual Financial Report was made possible by the dedicated service of the entire staff of the City of Pacifica Finance Division. Every member of each department has our sincere appreciation for the contributions made in furthering the fiscal year-end audit, and for their continuing effort to improve the quality of this report. We would like to thank the audit firm of Maze and Associates for their assistance in meeting the City's audit report requirements and financial reporting.

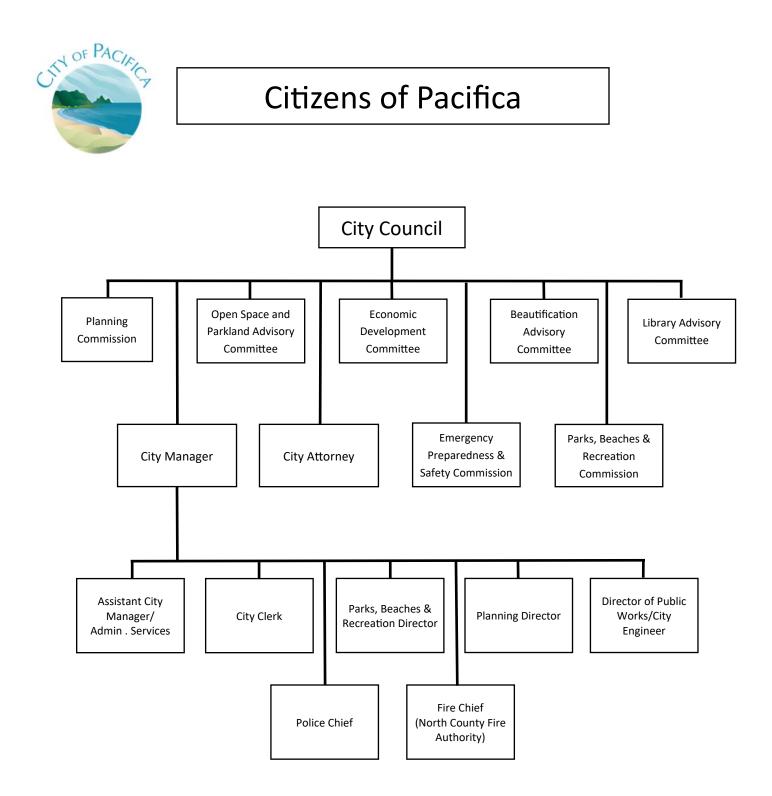

We would also like to thank the members of the Pacifica City Council for their support in planning and conducting the financial operations of the City in a responsible and conservative manner in the best interests of the Citizens of Pacifica.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and City Council City of Pacifica, California

Report on Financial Statements

We have audited the accompanying financial statements of governmental activities, businesstype activities, each major fund, and the aggregate remaining fund information of the City of Pacifica, California (City), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Accountancy Corporation 3478 Buskirk Avenue, Suite 215 Pleasant Hill, CA 94523 τ 925.930.0902

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis and other Required Supplementary Information, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Introductory Section, Supplementary Information, and Statistical Section as listed in the Table of Contents are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory and Statistical Sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This page intentionally left blank.

The management staff of the City of Pacifica (City), offers readers of the City's financial statements this narrative overview and analysis of City financial activities for the fiscal year ended June 30, 2019. It has been designed in accordance with standards established by the Governmental Accounting Standards Board. Please read this overview in conjunction with the accompanying financial statements.

Financial Highlights for Fiscal Year 2018-19

- The City's total net position was \$71.8 million at June 30, 2019, an increase of \$10.8 million from June 30, 2018. Of the \$71.8 million, \$46.0 million was in Governmental Activities and \$25.8 million was in Business-type Activities. Of the total net position, \$83.7 million relates to the City's net investment in capital assets and is not available for future appropriation (see table 1 for additional information). The negative unrestricted net position of \$24.1 million is the result of implementing GASB Statement No. 6, Accounting and Financial Reporting for Pensions recognizing the City's net pension liability, since fiscal year 2014-15.
- Total City revenues increased by \$6.1 million to \$62.2 million. \$5.1 million of the increase was derived from Governmental Activities and \$1.0 million was derived from Business-type Activities (see table 2 for additional information).
- Total City expenses were \$51.3 million; \$35.8 million for the Governmental Activities and \$15.5 million for the Business-type Activities. This is a decrease of \$3.3 million compared to prior year. The decrease is mostly due to the capitalization of expenses (see table 2 for additional information).
- The City's governmental funds reported combined fund balances of \$28.7 million, an increase of \$4.0 million compared to prior year. The Enterprise Funds' net position increased by \$0.1 million to \$25.8 million, and the Internal Service Funds net position increased by \$0.4 million to \$6.6 million.
- The General Fund ending fund balance increased from \$12.6 million to nearly \$15.0 million. Of this amount, \$3.9 million is non-spendable and \$3.5 million has been assigned and intended to be used for specific purposes.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's three basic financial statements: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. The report also contains supplemental information to help the reader develop a full understanding of the City's financial activities.

• **Government-Wide Financial Statements** – These statements include the *Statement of Net Position* and *Statement of Activities*. These statements provide a broad overview of the City's finances, presented in a manner similar to private-sector companies.

The *Statement of Net Position* presents complete information on the City's assets and deferred outflows of resources, as well as liabilities and deferred inflows of resources, with the difference reported as net position. Changes in net position that occur over time may serve as an indicator of the City's financial position.

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported using the "accrual basis of accounting." Changes are reported when the underlying event giving rise to the changes occurs, regardless of the timing of the related cash flows. Thus, revenue and expenses are reported in this statement for some items that will result in cash flows in fiscal periods, such as revenues related to uncollected taxes, or earned but unused vacation leave.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenue (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City consist of general government, public safety, public works, parks, beaches and recreation and community development. The business-type activities of the City include sewer utility and beach parking.

The government-wide financial statements can be found on pages 23-24.

• Fund Financial Statements – A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal and accounting requirements. The City's funds can be divided into three categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the Governmental Funds Balance Sheet and the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental activities and governmental funds.

The City has four major governmental funds: General, Disaster Accounting, General Capital Improvement, and Debt Service Fund. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances for these funds. Financial information for the remaining governmental funds is combined into a single, aggregated presentation called Other Governmental Funds. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements located elsewhere in the report.

The governmental fund financial statements can be found on page 25-28 of this report.

Proprietary funds are used to account for services and activities for which a fee is charged to customers in exchange for City provided goods or services. Proprietary funds use the "economic resources" measurement focus, which concentrates on how transactions and events have affected the fund's total economic resources. The City maintains two different types of proprietary funds.

<u>Business-Type Activities or Enterprise Funds</u>: These are funds that are used to report businesstype activities in the governmental-wide financial statements. The City has two enterprise funds: Sewer and Beach Parking.

<u>Internal Service Funds</u>: These funds are used to allocate costs internally among the City's functions. The City uses internal service funds to account for the maintenance and replacement of its fleet and rolling stock, general liability, worker's compensation and dental. These funds are included in the governmental activities of the government-wide financial statements because their activities support governmental programs. The internal service funds are then combined into a single, aggregated presentation in the proprietary fund financial statements. Individual data for the internal services funds is provided in the form of combining statements.

The proprietary fund financial statements can be found on pages 29-33 of this report.

Fiduciary funds are used to account for financial resources held for the benefit of parties outside the City government. The City holds these funds in a custodial capacity or as an agent for individuals, private organizations, or other governmental units. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the City's governmental activities.

The Successor Agency to the City of Pacifica Redevelopment Agency Trust Fund was created as a result of the California Supreme Court decision on December 29, 2011 upholding ABx1 26, which eliminated all redevelopment agencies in California and created a process for winding down their operations. Trust funds report an "income statement" referred to as a Statement of Changes in Fiduciary Net Positon.

The fiduciary fund financial statement can be found on pages 34-35 of this report.

• Notes to the Financial Statements – The notes provide additional detail that is essential to a full understanding of the information provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found starting on page 37 of this report.

In addition to the basic financial statements and accompanying notes, this report also presents certain required and other supplementary information. Required supplementary information can be found on pages 88-97 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the City's financial position. The City has a total net position of \$71.8 million as of June 30, 2019. Net position increased by \$10.8 million or 17.9% from the beginning net position of \$61.0 million. Assets and deferred outflows of resources as of the end of June 30, 2019 were \$209.7 million, reflecting a 1.7% increase from prior year. The increase is mainly due to accounts receivable and capital assets. Liabilities and deferred inflows decreased by \$7.4 million or 5.0% to \$138.0 million. The decrease is due to accounts payable (\$2.5 million), long-term debt (\$3.9 million) and decreases in the City's net OPEB liability and net pension liability (\$0.5 million and \$0.7 million, respectively).

The largest portion of the City's net position is its net investment in capital assets totaling \$83.7 million. Capital assets are the aggregate value of land, buildings, and improvements that are used to provide services and are reported net of any related debt used to acquire those assets that are still outstanding. Consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay these debts must be provided from other sources since the capital assets cannot be used to liquidate these liabilities.

The City's restricted net assets of \$12.1 million represents resources that are subject to external restrictions on how the funds may be used, such as constructing specified capital projects, debt service, or other community programs. The remaining balance in unrestricted net position of negative \$24.0 million is the result of the City's recognition of net pension liability of \$50.1 million, as required by GASB 68.

Comparative Statement of Net Position (In Millions) at June 30,

Governmental activities increased the City's net position by \$10.7 million with a total net position of \$45.9 million at the end of the fiscal year. The increase was attributable to total governmental revenues exceeding total expenses.

City of Pacifica Management's Discussion and Analysis, Continued For the year ended June 30, 2019

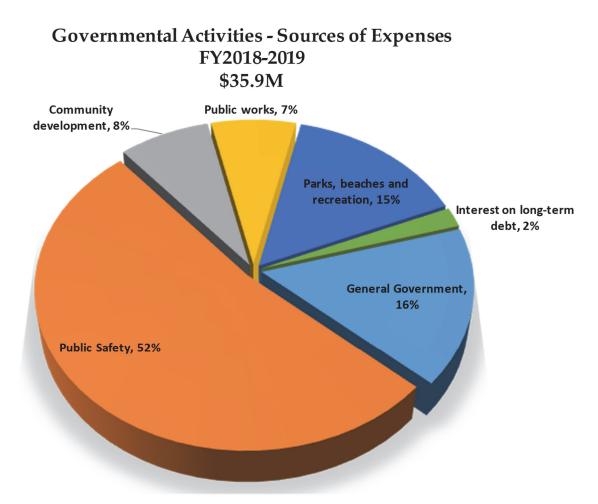

Governmental Activities

The chart below summarizes general City revenues available for funding all City programs and major expenditure program categories, as well as program revenues used to fund specific expenditure programs. For fiscal year 2018-19, program revenues increased by \$1.1 million or 7.9% to \$15.1 million. General revenues and transfers from all sources relating to governmental activities increased by \$4.0 million or 14.5% to \$31.5 million. The increase in general revenues was largely the result of property taxes and other taxes which include transient occupancy tax, business license tax, utility users tax and cannabis operations tax. Miscellaneous revenues also increase by 3.8% or \$1.9 million. This is attributable to a \$1.8 million donation from the Sirkka Niukkanen Endowment Fund for the City of Pacifica.

Expenses from governmental activities decreased by \$5.1 million or 12.5% to \$35.9 million for the fiscal year. Expenses increased by \$1.6 million in the area of public safety, which includes the City's Police Department as well as services provided by the North County Fire Department. Expenses in community development and parks, beaches and recreation also increased slightly but the total increase was offset by a \$4.9 million decrease in public works. The decrease is the result of capital asset reconciliation for this year and prior fiscal year.

The majority of these governmental activities are financed from City taxes. However, funds collected in program revenues for these various activities served to offset the departmental spending associated with some services. Governmental expenses, which totaled \$35.9 million, were offset in part by program revenues for governmental activities of \$15.1 million. These program revenues included \$6.6 million in charges for services, \$3.9 million in operating grants and contributions, and \$4.6 million in capital grants and contributions. Charges for services include traffic safety fines, plan check fees, building inspection fees, other charges related to new construction, and fees charged for parks, beaches, and recreational events. Operating grants and contributions include amounts that can only go toward operations-related expenses, while capital grants and contributions are required to go toward capital investments.

| - | \$ | 15.1 | \$ | 14.0 | \$ | 35.9 | \$ | 40.9 | \$ | (20.7) \$ | (26.9) |

Business-type Activities

The net position of the City's business-type activities increased slightly by \$0.1 million from a beginning net position of \$25.8 million. In fiscal year 2018-19, enterprise operations produced total operating revenues of \$15.5 million, a \$1.2 million increase from prior year. The increase in revenue was mostly from the sewer utility as the 8% rate increase was implemented at the beginning of the fiscal year.

Business-type expenses totaled 15.5 million at the end of the fiscal year. Operating expenses for these activities increased by \$2.0 million or 15.2% from prior year. The increase was largely attributable to sewer activities' personnel related costs.

Unlike the government activities, program revenues cover total expenses in the business-type activities, with no contribution from City taxes. The City is able to adjust sewer and parking rates to cover expenditures and future liabilities.

FINANCIAL ANALYSIS OF CITY FUNDS

Governmental funds

The Governmental Fund financial statements provide information on the short-term inflow, outflows, and balances of resources that are available for spending over the fiscal period. The goals of the funds are to have sufficient resources available to finance City services. In particular, the unassigned fund balance may serve as a measure of City funds that are available for spending in the short-term. The General Fund, General Capital Improvement Fund, Disaster Accounting Fund and the Debt Service Fund are the 'major funds' and are reported separately in the basic Financial Statements.

General Fund

The General Fund is the City's main operating fund. General Fund revenues totaled \$33.7 million in fiscal year 2018-19, a \$1.4 million or 4.3% increase from prior year. Expenditures totaled \$33.1 million, which is \$3.1 million more than in prior year. Revenues less operating expenditures before transfers were \$0.7 million. The General Fund transferred in \$1.7 million from Debt Service Fund. At the end of FY2017-18, the Debt Service Fund had an ending fund balance of \$2.0 million which resulted from previous years transferring dollars into the Debt Service Fund at levels which did not reflect the level of debt service obligations. The transfer reflects the excess fund balance transferred back to the originating fund. The General Fund also received transfers in of \$1.0 million from the Street Construction Fund and Gas Tax Fund as reimbursement for salaries and benefits related expenditures. Detailed notes on the transfers can be found in the Interfund Transactions section - Note 9 in the Notes to the Basic Financial Statements.

The General Fund balance as of June 30, 2019 was \$15.0 million, representing an increase of \$2.4 million from the prior year fund balance of \$12.6 million. The City Council assigned \$3.5 million as reserves for specific purposes as described in Note 11 of the Notes to the Basic Financial Statements. A total of \$7.5 million of the General Fund balance is unassigned.

Disaster Accounting Fund

The Disaster Accounting Fund accounts for both revenues and expenditures associated with catastrophic events occurring in the City.

The Disaster Accounting Fund had revenues of \$1.8 million which is an increase of \$0.3 million from prior year. Majority of the revenues were from grant reimbursements. A total of \$4.4 million was transferred from Excess ERAF funds which held funds to cover expenditures that are "one-time" in nature. After reviewing the expenditure patterns in the ERAF fund, it was determined that the ERAF funds were mainly funding disaster related expenditures, thus, in fiscal year 2018-19, the Disaster Accounting Fund and the ERAF Fund were consolidated.

Total expenditures in the Disaster Accounting fund decreased by \$1.3 million as certain projects were nearing completion while others were starting to ramp-up. Many of the on-going projects in the Disaster Accounting Fund are rehabilitation projects due to damages caused by the winter storms of 2015-2016.

General Capital Improvement Fund

The General Capital Improvement Fund accounts for funds used for capital improvements and significant maintenance projects. The City capitalizes equipment with a cost basis of at least \$5,000 and that has an estimated useful life in excess of one year. Structures, improvements, and infrastructure are also capitalized. All capital assets are valued at historical cost. For more information on capital assets, please refer to Note 4 on the Notes to the Basic Financial Statement.

The General Capital Improvement Fund had revenues of \$0.3 million which is lower than prior year by \$0.6 million. The lower amount was largely due to a decrease in grant reimbursements when compared to prior year. A total of \$4.2 million was transferred in from other funds to support ongoing construction costs and to support previously appropriated projects.

General Capital Improvement Fund expenditures totaled \$494,000 which is a decrease of nearly \$3.0 million from prior year. The Palmetto Streetscape - Phase 1 project, a \$3.0 million project, was completed in early fiscal year 2018-19. The project constructed streetscape improvements along Palmetto Avenue to establish and develop a framework for Palmetto Avenue "Main Street" business district. The entire fund balance of \$1.6 million is assigned for on-going construction of capital projects.

Debt Service Fund

The Debt Service Fund is used to account for resources used to repay general long-term debt and to record the payment of principal and interest as well as other expenditures related to debt administration. Principal payments on outstanding debt reduced general government debt by \$1.0 million. Debt service expenditures represent principal payments, interest charges, and administrative costs of debt such as fiscal agent fees on existing government debt. A more detailed description of the City's outstanding debt and long-term obligations associated with each issue can be found in Note 5 in the Notes to the Basic Financial Statements.

Table 4 Total Governmental Funds (In Millions)

| | Balance 30, 2019 | Balance 30, 2018 | Net change in Fund Balance | | |
|----------------------------------|-------------------------|-------------------------|-------------------------------|-------|--|
| General Fund | \$ 15.0 | \$ 12.6 | \$ | 2.4 | |
| Disaster Accounting Fund | 0.3 | (3.9) | | 4.2 | |
| General Capital Improvement Fund | 1.6 | (2.2) | | 3.8 | |
| Debt Service Fund | - | 2.0 | | (2.0) | |
| Other Governmental Funds | 11.8 | 16.2 | | (4.4) | |
| Total Governmental Funds | \$ 28.7 | \$ 24.7 | \$ | 4.0 | |

Proprietary Funds

The City's proprietary fund statements provide the same type of information found in the government-wide financial statements. The City's enterprise funds include Sewer and Beach parking while the internal service funds include Self Funded Dental, Self Insurance Worker's Comp, Self Insurance Liability, Motor Pool Operations and Motor Pool Replacement funds.

Sewer Utility Enterprise Fund

The Sewer Utility Enterprise Fund accounts for the operation and maintenance of the City's wastewater system, including the operating costs of the wastewater collection system and water recycling plant. The Sewer Utility Fund continues to be stable as in prior year. There was only a slight increase of \$18,000 in the fund's overall net position compared to prior year. A large portion of net position (62%) is related to the City's investment in capital asset.

The fund's net revenue increased by \$1.0 million from prior year, mostly the result of an 8% increase in sewer rate. The City Council approved an annual sewer rate increase until fiscal year 2021-22. Total operating expenses of the Sewer Utility Fund, however, increase by \$1.8 million largely in the areas of personnel services and outside contractors.

Beach Parking Enterprise Fund

The Beach Parking Enterprise Fund accounts for the operations and maintenance of the City's parking facilities. The fund's overall net position had a very modest increase of \$139,000. Revenue in the Beach Parking Fund increased by \$132,000 resulting from an increase in parking fees. Operating expenses decreased by \$26,000 largely in part to a reduction in personnel service hours being charged to the fund. Staff is making a conscious effort to reduce expenses to help bolster the fund's ending net position. The objective is to invest in newer equipment in the coming years.

Internal Service Funds

The Internal Service Funds represent funds set aside to cover employee dental expenses and insurance deductibles for liability and worker's compensation. In addition, funds are also set aside to support the day to day operation and maintenance of city vehicles and equipment and to pay for the purchase of replacement of these vehicles and equipment. The internal service funds as a whole experienced an increase in net position of \$0.4 million from prior year.

GENERAL FUND BUDGETARY HIGHLIGHTS

Detailed information on budget variances can be found beginning on page 94 in the Budgetary Comparison Schedule. The adopted fiscal year 2018-19 General Fund budget assumed minimal growth in revenue, thus ongoing expenditures were also contained within the forecasted revenue in order to maintain a structurally balanced budget.

Total General Fund revenues were \$33.7 million, which is \$1.0 million or 3.0% over the final amended budget. Total expenditures were \$33.1 million, which is \$1.2 million or 3.6% under budget.

The most significant differences between estimated and actual results were as follows:

- Other taxes which includes transient occupancy, business license, utility users, and cannabis taxes were over budget by \$367,000 or 10%. An increase in PG&E's utility tax payments as well as taxes from newly opened cannabis businesses were the major cause of the increase.
- Licenses and permits were over budget by \$136,000 or 20% due mostly to an increase in building and electrical permits.
- Intergovernmental revenues were over budget by \$399,000 or 7.1% due to an increase in vehicle license fees and grant reimbursements.
- Expenditures in community development were under budget by \$1.1 million or 47.8% due to the slow progress of projects.
- Expenditures in public works were under budget by \$482,000 or 11% mostly in the areas of building maintenance and parks and playfields as projects that were planned for during the fiscal year were not completed or started due to changing priorities.

CAPITAL ASSETS AND LONG TERM DEBT

Capital Assets

As reported in the Statement of Net Position, capital assets for the governmental and business-type activities totaled \$149.8 million on June 30, 2019, net of depreciation, increasing from the prior fiscal year. The investment in capital assets include: land, construction in progress, buildings, improvements, machinery and equipment, and infrastructure. The City records its capital assets at historical cost or estimated historical cost if actual historical cost is not available. The City depreciates all its capital assets on a straight-line basis over their estimated useful lives. Additional information on capital assets may be found in Note 4 in the Notes to the Basic Financial Statements.

The \$8.1 million increase in the governmental activities' capital assets is attributable to the capitalization of the Palmetto Streetscape and the FY17/18 Pavement Rehabilitation Projects. The \$9.2 million increase in the business-type activities is mostly in construction in progress for the Equalization Basin Project.

Long Term Debt

At June 30, 2019 the City had long-term debt obligations of \$70.7 million. Governmental Activities had debt outstanding in the amount of approximately \$25.1 million and the business-type activities had approximately \$45.6 million. The total reduction of \$3.9 million from prior year was due to regular debt service payments. In 2019, the City received an upgraded bond rating to AA+ from Standard and Poors. Additional information on long-term debt activity may be found in Note 5 of the Notes to the Basic Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

As the City looks ahead to fiscal year 2019-2020, management remains encouraged by the relatively strong growth in our regional economy. The City has a promising future buoyed by vision, innovation and partnerships. To assist in the development of the 2019-2020 Budget and to improve the City's fiscal health, the City Council has reviewed the City's Long Term Financial Plan for the last four fiscal years.

The City Council and management considered the following economic factors in preparation of the fiscal year 2019-20 budget:

Revenue Projections: Tax revenues were projected to grow by 4.2% over last year's mid-year adjusted tax revenue amount. Property tax was projected to only increase by 2.8% while transient occupancy tax was projected to increase by 21% due to short-term rental tax revenue projections. Other taxes, including sales tax, were forecasted to reflect moderate growth from the prior year final budget. For fiscal year 2019-20, the Cannabis Business Program excise tax revenues (6% of sales) was included as a new source of potential revenue growth.

Expenditures: General Fund operating expenditures are expected to grow approximately 2.7% over last year's final budget. Employee salary and benefits costs represent the largest category of expenditure in the City's operating budget at over 69% of total General Fund expenditures. The fiscal year 2019-20 budget includes salary adjustments in accordance with employee bargaining unit agreements currently in place.

Sewer Rate Adjustments: The most recent rate study for the sewer utility was completed in 2017. Soon after, the City Council approved an ordinance which enacted a five year rate structure with a maximum annual rate increase for the City's wastewater program service charges from fiscal year 2017-18 through 2021-22. The revenues generated by the rate structure are the main source of revenue for the wastewater program and addresses its future capital and financial needs. The fiscal year 2019-20 rate increase was 8%.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This Comprehensive Annual Financial Report is intended to provide citizens, taxpayers, investors, and creditors with a general overview of the City's finances. Questions about this report should be directed to Lorenzo Hines Jr., Assistant City Manager at City of Pacifica, City Manager's Office, 170 Santa Maria Avenue, Pacifica, California 94044.

A copy of this financial report is also located at the City's website at <u>http://www.cityofpacifica.org</u>, by selecting "Departments/Administrative Services/Finance/Comprehensive Annual Financial Report" and then selecting the "year".

CITY OF PACIFICA Reconciliation of the NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS with the STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2019

| The schedule below reconciles the Net Changes in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances, which measure only changes in current asset and current liabilities on the modified accrual basis, with the Change in Net Position of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis. | |
|--|--------------------------------------|
| Net Change in fund balance | \$3,990,862 |
| Amounts reported for Governmental Activities in the Statement of Activities are different because of the following: | |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over estimated lives and reported as depreciation expense. | |
| Capital outlay expenditures are therefore added back to fund balances Depreciation expense | 9,697,168 (1,999,827) |
| Bond proceeds provide current financial resources to governmental funds, but issuing debt increase long-term liabilities in the Statement of Net Position. Repayment of bond principal is an expenditure in the governmental funds, but in the Statement of Net Position the repayment reduces long-term liabilities. | |
| Repayment of debt principal Interest expense Amortization of loss on refunding | 1,016,932 672,728 (32,466) |
| The amounts below included in the Statement of Activities do not provide (require) the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds: | |
| Compensated absences (net change) Net pension liabilities (net change) Net OPEB liabilities | (40,704) (2,807,888) (127,301) |
| The internal services funds are used by management to charge costs of certain activities such as insurance and central garage, to individual funds. The net revenues (expenses) of the internal service funds are reported with | |
| governmental activities. | 416,826 |
| Changes in net position of governmental activities | \$10,786,330 |

NOTE 1 - Summary of Significant Accounting Policies

The basic financial statements of the City of Pacifica (City) have been prepared in conformity with accounting principles generally accepted in the United States of America ("USGAAP") as applied to governmental agencies. The Governmental Accounting Standards Boards ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting principles are described below.

A. Reporting Entity

The City of Pacifica was incorporated November 22, 1957 under the general laws of the State of California and enjoys all the rights and privileges applicable to a General Law City. The City operates under a Council-Manager form of government. There are five Council Members who serve overlapping terms of four years, and the Council, in turn, elects one of the Council Members to serve as Mayor for one year. This legislative body selects a City Manager to administer the affairs of the City. The City provides the following services: public safety (police, fire, and civil defense), highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning, and general administrative services.

As required by accounting principles generally accepted in the United States of America, the accompanying financial statements include the financial activities of the City.

The City of Pacifica Financing Authority is a separate government entity whose purpose is to assist with the financing certain public capital facilities for the City through the issuance of bonds or other forms of debt. The Authority is controlled by the City and has the same governing body as the City, which also performs all accounting and administrative functions for the Authority. The Authority does not issue separate financial statements.

The City participates in the ABAG Plan Corporation, a public entity risk pool, whose financial activities are not included in the basic financial statements as it is administered by a board, separate from and independent, of the City (See Note 8).

There are no other entities which meet the Governmental Accounting Standards Board Statement No. 14 as amended by GASB Statements No. 39 and No. 61, criteria for blended or discrete disclosure within these financial statements.

B. Basis of Presentation

The City's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the acknowledged standard-setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

NOTE 1 - Summary of Significant Accounting Policies (Continued):

B. Basis of Presentation (Continued)

The City's government-wide financial statements include a Statement of Net Position, and a Statement of Activities. These statements present summaries of governmental activities and business-type activities for the City, accompanied by a total column. These financial statements include the financial activities of the overall City government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Governmental activities are financed generally through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities (Sewer Utility Enterprise Fund) are financed generally through user fees.

C. Government-wide and Fund Financial Statements

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and therefore are clearly identifiable to a particular function. Program revenues include three categories: (1) charges for services, (2) operating grants and contributions and (3) capital grants and contributions. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. Interfund services provided and used are not eliminated in the process of consolidation on the Statement of Activities.

Certain eliminations have been made as prescribed by Governmental Accounting Standards Board No.34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments ("GASB No. 34") in regards to interfund activities, payables and receivables.

D. Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balance as presented in these statements to the net position presented in the government-wide financial statements.

The governmental fund financial statements provide information about the City's funds. Separate statements for each fund category–governmental, proprietary, and fiduciary–are presented. The emphasis of fund financial statements is on major individual funds, each of which is displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Net Position, and a Statement of Cash Flows for all proprietary funds. The internal service funds are also presented in these statements. However, internal service balances and activities have been combined with the governmental activities in the government-wide financial statements.

NOTE 1 - Summary of Significant Accounting Policies (Continued):

D. Financial Statements (Continued)

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which liabilities are incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operation of the fund. All other revenues are reported as nonoperating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as nonoperating expenses.

Fiduciary Fund Financial Statements include a Statement of Net Position and a Statement of Changes in Fiduciary Net Position. Fiduciary funds represent private-purpose trust funds, which the City serves as a trustee for the Successor Agency. Trust funds are accounted for on an economic resources measurement focus and full accrual basis of accounting. The City has one RDA Successor Agency private-purpose trust fund.

E. Major Funds

GASB 34 defines major funds and requires that the City's major governmental funds be identified and presented separately in the Fund financial statements. All other governmental funds, called non-major funds, are combined and reported in a single column, regardless of their fund-type. Major funds are defined as funds which have either assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures/expenses equal to or greater than ten percent of their fund-type total and five percent of the grand total of all fund types, excluding fiduciary. The general fund is always a major fund. The major funds of the City are:

• **General Fund** – The General Fund is used to account for the resources to carry out basic governmental activities of the City such as general government, public safety, public works, community development, and parks, beaches, and recreation, which are not required to be accounted for in another fund.

NOTE 1 - Summary of Significant Accounting Policies (Continued):

- E. Major Funds (Continued)
 - Disaster Accounting Special Revenue Fund This fund is used to account for all revenues received and expenditures incurred due to natural and man-made disasters.
 - General Capital Improvement Capital Projects Fund This fund is used to account for revenues derived from fees and apportionments from General Fund to be used for the acquisition, construction, and improvement of major capital facilities of the City.
 - **Debt Service Fund** This fund is used to account for the accumulated and the disbursement of account for expenditures and financing of various long-term debt liabilities.

The City reports the following major enterprise fund:

• **The Sewer Utility Enterprise Fund** – This fund accounts for the operation and maintenance of the City's wastewater collection system including operating costs of the wastewater collection system and water recycling plant.

Additionally, the City reports the following fund types:

- The Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units on a cost reimbursement basis. The City has two internal service funds, the Motor Pool Fund and the Self Insurance Fund. The Motor Pool Fund accounts for the City's central garage, and the Self Insurance Fund accounts for the employee dental, workers' compensation, general liability, property, and automobile liability insurance.
- The RDA Successor Agency Private-Purpose Trust Fund accounts for the former Redevelopment Agency activities.

NOTE 1 - Summary of Significant Accounting Policies (Continued):

F. Basis of Accounting

The Government-wide, Proprietary funds, and Fiduciary funds financial statements are required by GASB 34 to be reported using the economic resources measurement focus and the accrual basis of accounting. Accordingly, all of the City's assets and deferred outflows, liabilities and deferred inflows, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position.

Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred regardless of when the related cash flows take place.

The Governmental funds financial statements are reported using the current financial resources measurement focus, and the modified accrual basis of accounting. Accordingly, only current assets and liabilities (except for long-term advances from the City) are included in the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

The City considers all revenues reported in the governmental funds to be available if the revenue are collected within ninety days after fiscal year end. The primary revenue sources, which have been treated as susceptible to accrual by the City, are property taxes, sales taxes, intergovernmental revenues, other taxes and investment earnings. Expenditures are recorded in the accounting period in which the related fund liability is incurred, except for principal and interest on long-term debt and compensated absences, which are recognized as expenditures to the extent that they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Non-exchange transactions, in which the City gives or receives value without directly receiving or giving value in exchange, include taxes, grants, entitlements and donations. On the accrual basis, revenue from taxes is recognized in the fiscal year for which the taxes are levied or assessed. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Grant revenues are recognized in the fiscal year in which all eligibility requirements are met. Under the terms of grant agreements, the City may fund certain programs with a combination of cost-reimbursement grants, categorical block grants and general revenues. Thus, both restricted and unrestricted net position may be available to finance program expenditures. The City's policy is to first apply restricted grant resources to such programs, followed by general revenues if necessary.

NOTE 1 - Summary of Significant Accounting Policies (Continued):

G. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the City considered cash and cash equivalents (investments with maturities of three months or less at the time of purchase) as short term, highly liquid investments that are both readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. The City follows the practice of pooling the cash of all funds, including the City's Enterprise and Internal Service Funds.

H. Investments

Investments are reported at fair value, except for investments that are not transferable and have terms that are not affected by change in market rates are reported at cost.

Changes in fair value that occur during a fiscal year are recognized as revenues from use of money reported for that fiscal year. Revenues from use of money include interest earnings, change in fair value, gains or losses realized upon the liquidation, maturity, or sale of investment and rental income. Changes in the fair value of investments during this fiscal year were calculated and booked.

I. Receivables and Payables

All accounts, grants, tax, and note receivables are shown net of an allowance for uncollectible accounts if applicable, and estimated refunds due.

J. Inventories and Prepaid Items

General fund inventories are recorded as expenditures when consumed, rather than when purchased. These inventories are stated at cost, using the first-in, first-out (FIFO) method. Inventories in the proprietary funds are stated at the lower of cost or market, and consist of expendable materials and supplies.

Certain payments to vendors reflect costs applicable to future accounting periods, and are recorded as prepaid items in both the government-wide and fund financial statements.

Inventories and prepaid items, as reported in the fund financial statements, are offset by nonspendable fund balance for noncurrent assets in governmental funds, to indicate that they do not constitute resources available for appropriation.

K. Capital Assets

The City's assets are capitalized at historical cost or estimated historical cost on the government-wide Statement of Net Position and the proprietary fund financial statements. City policy has set the capitalization threshold for reporting capital assets at \$5,000. Gifts or contributions of capital assets are recorded at fair value on the date donated. Depreciation of capital assets is charged as an expense each year, and the total amount of accumulated depreciation taken over the years, is reported on the respective statements as a reduction in the book value of capital assets.

NOTE 1 - Summary of Significant Accounting Policies (Continued):

L. Encumbrances

The City uses encumbrances to control expenditure commitments for the year. Encumbrances represent commitments related to executor contracts not yet performed and purchase orders not yet filled. Commitments for such expenditure of monies are encumbered to reserve a portion of applicable appropriations. Encumbrances still open at year end are not accounted for as expenditures and liabilities, but as restricted, or unassigned fund balance.

M. Compensated Absences

City employees accrue vacation, sick, holiday, and compensatory time off benefits. An employee may accumulate vacation time equal to an amount as stipulated in their contracts. No cash compensation is payable for accrued vacation until the employee terminates employment. Sick leave is compensated in cash only upon an employee's retirement. Maximum limit per employee is \$3,000 or one quarter of employee's sick leave credit, whichever is lower. Two employee groups have elected to participate in a retirement health savings program and have directed vacation and limited sick leave cash out to separation of this program. It is the City's policy to allow employees to accumulate compensatory time within set limits instead of drawing overtime. This accumulation may subsequently be exchanged into cash or time taken.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only when they have matured (such as vacation time, estimated to be paid upon retirement by the end of the fiscal year with expendable available financial resources). Each fiscal year, an adjustment to the liability is made based on pay rate changes and adjustments for the current portion. The General Fund is primarily responsible for the repayment of the governmental portion of compensated absences.

| Beginning Balance Additions Payments | Governmental Activities \$1,487,507 1,294,775 (1,253,484) | Business-Type <u>Activities</u> \$339,282 136,566 (188,109) | <u>Total</u> \$1,826,789 1,431,341 (1,441,593) |
|--|---|---|---|
| Ending Balance | \$1,528,798 | \$287,739 | \$1,816,537 |
| Current Portion | \$871,415 | \$170,671 | \$1,042,086 |
| Non-current Portion | \$657,383 | \$117,068 | \$774,451 |

Changes in compensated absences for the year ended June 30, 2019, were as follows:

NOTE 1 - Summary of Significant Accounting Policies (Continued):

N. Property Tax Revenues

California Constitution Article XIII A limits the combined property tax rate to one percent of a property's assessed valuation. Additional taxes may be imposed with voter approval. Assessed value is calculated at one hundred percent of a property's fair value, as defined by Article XIII A, and may be increased no more than two percent per year unless a change in ownership occurs. The County of San Mateo collects the taxes and distributes them to taxing jurisdictions on the basis of assessed valuations subject to adjustments for voter-approved debt. The City receives property taxes pursuant to an arrangement with the County known as the "Teeter Plan," whereby the County assumes responsibility for the collection of delinquent taxes and pays the full allocation to the City. The City recognizes property tax revenues (including tax increment revenues) to the extent of each year's tax allocation received or to be received within 60 days after the end of each fiscal year.

The County assesses properties, bills for, collects, and distributes property taxes per the following schedule:

| | Secured | <u>Unsecured</u> |
|------------------|--|------------------|
| Valuation dates | January 1 | January 1 |
| Lien/Levy dates | July 1 | July 1 |
| Due dates | 50% on November 1 50% on February 1 | July 1 |
| Delinquent as of | December 10 April 10 | August 31 |

The term "Unsecured" refers to taxes on personal property other than real estate, land, and buildings. These taxes are secured by liens on property being taxed.

O. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Actual results could differ from those estimates.

NOTE 1 - Summary of Significant Accounting Policies (Continued):

P. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs – other than quoted prices included within level 1 – that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

Q. Expenditures in Excess of Appropriations

The following funds incurred departmental expenditures in excess of appropriations:

| | Excess of Expenditures |
|--|---------------------------|
| Fund/Department | Over |
| Major Funds: | |
| General Fund: | |
| Public Safety | \$122,840 |
| Parks, Beaches and Recreation | 247,538 |
| Capital Outlay | 92,337 |
| Disaster Accounting Special Revenue Fund | 1,865,257 |
| Non-Major Funds: | |
| Parks and Playfields Capital Projects Fund | 7,893 |
| Planned Local Drainage Capital Projects Fund | 5,441 |
| Frontier Remediation Capital Projects Fund | 8,842 |

NOTE 2 - Stewardship, Compliance, and Accountability:

A. Budgetary information

The City operates under the general law of the State of California, and annually adopts a budget to be effective July 1 for the ensuing fiscal year. The City Manager submits a Preliminary Budget to the City Council on or about May 15 each year. This Preliminary Budget is the fiscal plan for the ensuing twelve months starting July 1, and includes proposals for expenditures for operations and capital improvement, and the resources to meet them. City Council conducts public hearings at Council Chambers before adopting the budget. The Council approves total appropriations at the department level in the General Fund, and at the fund level in other funds. The Budget is adopted by City resolution prior to June 30.

The appropriated budget is prepared by fund, function, and department. The City Manager is authorized to transfer budget appropriations within departments in conformance with the adopted policies set by the City Council. All other transfers must be approved by the City Council. Any revisions that alter the total expenditures of any department must be approved by the City Council. Expenditures are budgeted at, and may not legally exceed, the department level for the General Fund and the fund level for Special Revenue, Debt Service, Capital Projects and Internal Service Funds. Budgeted amounts shown are as originally adopted, or as amended by the City Council during the fiscal year. During the fiscal year, several supplementary appropriations were necessary.

Budgets for General, Special Revenue, Debt Service, Capital Projects, and Internal Service Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America (USGAAP). Except for Capital Project Funds, appropriations lapse at fiscal year-end and are rebudgeted for the coming year. The following capital projects funds are not budgeted annually: Aircraft Noise Project Fund, Excess ERAF Fund and Pacific Library Fund. The Parking In-lieu Special Revenue Fund is only budgeted when the need for expenditure arises.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Encumbrances outstanding at fiscal year-end are recorded as restricted, committed, or assigned fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent fiscal year.

NOTE 2 - Stewardship, Compliance, and Accountability (Continued):

B. Deficit Fund Balances/Net Position

As of June 30, 2019, the following funds had a deficit net position/fund balance:

Successor Agency Private Purpose Trust Fund \$4,792,430

The deficits in the governmental funds are due to the City paying expenditures in advance of receiving revenues. The majority of these deficits are going to be repaid once reimbursements are received from the grantor, and if there are any outstanding deficits after the repayments, the General Fund would cover these deficits when the fund is closed out.

NOTE 3 - Cash and Investments:

Cash and investments as of June 30, 2019 are classified in the accompanying financial statements as follows:

| Statement of net position: | |
|---|--------------|
| Cash and investments | \$27,802,439 |
| Cash and investments with fiscal agents | 7,534,012 |
| Restricted cash and investments | 3,474,589 |
| Statement of fiduciary net position: | |
| Cash and investments | 546,553 |
| Cash and investments with fiscal agents | 225,553 |
| Total cash and investments | \$39,583,146 |

NOTE 3 - Cash and Investments (Continued):

A. Investments Authorized by the California Government Code and the City's Investment Policy

The table below identifies the investment types that are authorized for the City by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California Government Code or the City's investment policy.

| Authorized Investment Type | Maximum Maturity | Minimum Credit Quality | Maximum Percentage/ Investment of Portfolio | Maximum Investment in One Issuer |
|--|---------------------|------------------------------|--|---|
| Commercial Paper | 270 days | A | 25% | None |
| Bankers Acceptances | 180 days | А | 40% | None |
| U.S. Treasury Obligations | 5 years | None | 50% | None |
| U.S. Government Agency Issues | 5 years | None | 50% | None |
| Certificates of Deposit | 5 years | None | 30% | None |
| State of California Local Agency | | | | |
| Investment Funds (State Pool) | N/A | None | \$65,000,000 | \$65,000,000 |
| Banks and Savings and Loan Time Deposits | N/A | A-1+ | 30% | None |
| Repurchase Agreements Mutual Funds | 1 year 5 years | None AAAm | 15% 15% | None None |
| | o youro | / / / / /// | 1070 | |

B. Investments Authorized by Debt Agreements

Investment of debt proceeds held by trustees is governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies the investment types that are authorized for investments held by trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

| | Maximum | Minimum Credit |
|-------------------------------|----------|------------------------|
| Authorized Investment Type | Maturity | Quality |
| Municipal Bonds | None | AAA |
| Commercial Paper | 270 days | A-1 |
| U.S. Treasury Obligations | None | None |
| U.S. Agency Securities | None | None |
| Time Deposits (Unsecured) | 30 days | A-1 |
| Money Market Funds | None | AAAm |
| Investment Contracts | None | AA- |
| Local Agency Investment Fund | None | None |
| Certificates of Deposit | 1 year | A-1+ |
| Bankers Acceptances | 1 year | A-1+ |
| Pre-refunding Municipal Bonds | None | AAA |
| State and Municipal Bonds | None | Two Highest Categories |

NOTE 3 - Cash and Investments (Continued):

C. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to change in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flows and liquidity needed for operations.

Information about the sensitivity of the fair values of the City's investments and those held by trustees to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

| | Remaining Maturity (in Months) | | |
|---|--------------------------------|---------------------|--|
| Investment Type | 12 Months Or Less | Totals | |
| California Local Agency Investment Fund | \$7,411,438 | \$7,411,438 | |
| Held by Trustees: Money Market Fund | 7,746,049 | 7,746,049 | |
| Total Investments | \$15,157,487 | 15,157,487 | |
| Cash in Banks Petty Cash | _ | 24,422,414 3,245 | |
| Total Cash | | 24,425,659 | |
| Total Cash and Investments | | \$39,583,146 | |

Money market mutual funds are available for withdrawal on demand at June 30, 2019, and have an average maturity of 23 days.

The City does not hold any specific investments that are highly sensitive to interest rate fluctuations (to a greater degree than already indicated in the information provided above).

D. Fair Value Hierarchy

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Investment in the California Local Agency Investment Fund and money market mutual funds are classified as exempt in the fair value hierarchy, as it is valued at amortized cost, which is exempt from being classified under GASB 72.

NOTE 3 - Cash and Investments (Continued):

E. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of fiscal year end for each investment type.

| | Rating as of Fi | | |
|--|-----------------|-------------|---------------------|
| Investment Type | AAAm | Not Rated | Total |
| California Local Agency Investment Fund Held by Trustees: | | \$7,411,438 | \$7,411,438 |
| Money Market Fund | \$7,746,049 | | 7,746,049 |
| Total Investments | \$7,746,049 | \$7,411,438 | 15,157,487 |
| Cash in Banks Petty Cash | | | 24,422,414 3,245 |
| Total Cash | | | 24,425,659 |
| Total Cash and Investments | | | \$39,583,146 |

F. Concentration of Credit Risk

The investment policy of the City contains limitations on the amount that can be invested in any one issuer. The City has no investments in any one issuer (other than money market funds and an external investment pool) that represent 5% or more of total City investments.

G. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2019, all of the City's deposits with financial institutions in excess of federal depository insurance limits were held in collateralized accounts.

NOTE 3 - Cash and Investments (Continued):

H. Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. At June 30, 2019, these investments have an average maturity of 173 days.

NOTE 4 - Capital Assets

All capital assets are valued at historical cost or estimated cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. GASB Statement No.34 requires that all capital assets with limited useful lives be depreciated over their estimated useful lives. The purpose of the depreciation is to spread the cost of the capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each year represents that year's pro-rata share of the cost of the capital assets. Depreciation is provided using the straight–line method over its expected useful life. Capital assets with a value of \$5,000 or more are capitalized.

The City has assigned the following useful lives to capital assets: Buildings and improvements (25-30 years); Police Vehicles (4 years); Other Vehicles (5-25 years); Machinery and Equipment (5-15 years); Collection System (20 years); and Infrastructure (15-30 years).

| | Balance June 30, 2018 | Additions | Deletions | Adjustments* | Transfers | Balance June 30, 2019 |
|--|---|--|-------------|----------------------|---------------|--|
| Capital assets not being depreciated: Land Construction in progress | \$40,445,580 5,343,754 | \$3,456,482 | (\$599,080) | \$2,797,941 | (\$3,967,567) | \$40,445,580 7,031,530 |
| Total capital assets not being depreciated | 45,789,334 | 3,456,482 | (599,080) | 2,797,941 | (3,967,567) | 47,477,110 |
| Capital assets being depreciated: Buildings & improvements Vehicles Machinery and equipment Infrastructure | 15,963,106 6,977,031 2,796,845 34,332,255 | 135,960 911,178 105,805 1,976,281 | (307,033) | 140,645 1,683,135 | 3,967,567 | 16,099,066 7,581,176 3,043,295 41,959,238 |
| Total capital assets being depreciated | 60,069,237 | 3,129,224 | (307,033) | 1,823,780 | 3,967,567 | 68,682,775 |
| Less accumulated depreciation for: Buildings & improvements Vehicles Machinery & equipment Infrastructure | (9,824,881) (5,532,168) (2,689,242) (11,201,942) | (487,408) (490,049) (122,059) (1,406,693) | 307,033 | | | (10,312,289) (5,715,184) (2,811,301) (12,608,635) |
| Total accumulated depreciation | (29,248,233) | (2,506,209) | 307,033 | | | (31,447,409) |
| Depreciable capital assets, net | 30,821,004 | 623,015 | | 1,823,780 | 3,967,567 | 37,235,366 |
| Total capital assets, net | \$76,610,338 | \$4,079,497 | (\$599,080) | \$4,621,721 | | \$84,712,476 |
| * Prior year expenses | | | | | | |

The following is a summary of capital assets for governmental activities as of June 30, 2019:

NOTE 4 - Capital Assets (Continued):

Depreciation expense for governmental activities was charged to functions as follows:

| General government | \$74,805 |
|--------------------------------|-------------|
| Public safety | 379,326 |
| Public works | 1,466,835 |
| Parks, beaches, and recreation | 78,861 |
| Internal Service Fund | 506,382 |
| Total Governmental Activities | \$2,506,209 |

The following is a summary of capital assets for business-type activities as of June 30, 2019:

| | Balance June 30, 2018 | Additions | Balance June 30, 2019 |

| Total Business-Type Activities: | \$48,320,594 | (\$2,736,586) | \$45,584,008 | \$2,389,269 |

NOTE 5 - Long-Term Debt (Continued):

A. Governmental Activities Debt

2016 Certificates of Participation: On October 5, 2016, the City of Pacifica issued Certificates of Participation (COP) in the amount of \$14,680,000 (par value) payable annually beginning January 1, 2021 and with interest rates ranging from 3.000% to 5.000%, payable each July 1 and January 1, beginning January 1, 2017. The COP matures on January 1, 2037. The purpose of the COP is to (i) prepay and defease certain outstanding certificates of participation which were executed and delivered in 2008 for the purpose of financing and refinancing various municipal improvements of the City, and (ii) pay certain costs of executing and delivering the Certificates

Accounting gains or losses resulting from advance refunding of long-term debt is deferred and amortized over the shorter of the life of the new debt or refunded debt. The deferred charge on refunding balance at June 30, 2019 was \$519,460 for the 2016 COP.

The Bonds are general obligations of the City, payable solely by the City. The bond covenants contain events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City. No such events occurred during the fiscal year ending June 30, 2019.

Annual debt service requirements, to maturity, for the 2016 Certificates of Participation are as follows:

| Fiscal year ended | Principal | Interest | Total |
|-------------------|--------------|-------------|--------------|
| 2020 | | \$661,850 | \$661,850 |
| 2021 | \$480,000 | 661,850 | 1,141,850 |
| 2022 | 725,000 | 637,850 | 1,362,850 |
| 2023 | 705,000 | 601,600 | 1,306,600 |
| 2024 | 760,000 | 566,350 | 1,326,350 |
| 2025 - 2029 | 4,130,000 | 2,245,000 | 6,375,000 |
| 2030 - 2034 | 4,755,000 | 1,159,800 | 5,914,800 |
| 2035 - 2037 | 3,125,000 | 198,000 | 3,323,000 |
| Total | \$14,680,000 | \$6,732,300 | \$21,412,300 |

NOTE 5 - Long-Term Debt (Continued):

A. Governmental Activities Debt (Continued)

Energy Retrofit Lease (Direct Borrowing): On November 1, 2012, the City entered into a lease/purchase agreement with Holman Capital Corporation for energy efficiency measures at various City owned buildings. The effective interest rate on the lease is 4.0% and lease payments are payable semiannually on November 15 and May 15, commencing May 15, 2013. The lease ends on November 15, 2022.

Annual debt service requirements, to maturity, for the Energy Retrofit Lease are as follows:

| Fiscal year ended | Principal | Interest | Total |
|-------------------|-----------|----------|-----------|
| 2020 | \$125,707 | \$17,261 | \$142,968 |
| 2021 | 130,785 | 12,183 | 142,968 |
| 2022 | 136,069 | 6,899 | 142,968 |
| 2023 | 70,080 | 1,402 | 71,482 |
| Total | \$462,641 | \$37,745 | \$500,386 |

2010 Taxable Pension Obligation Bonds: During May 2010, the City of Pacifica issued \$20,510,000 of Pension Obligation Bonds bearing interest between 1.425% and 6.899% and payable semiannually on June 1 and December 1 each year, commencing December 1, 2010. The bonds mature on June 1, 2030. These bonds were used to advance pay miscellaneous and safety employee pension obligations. Approximately 88.622% of the bond proceeds were allocated to governmental activities (including 1.71% to the Motor Pool internal service fund).

The Bonds are general obligations of the City, payable solely by the City. The bond covenants contain events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City. No such events occurred during the fiscal year ending June 30, 2019.

Annual debt service requirements, to maturity, for the 2010 Pension Obligation Bonds (governmental portion) are as follows:

| Principal | Interest | Total |
|-------------|---|--|
| | | |
| \$372,212 | \$534,035 | \$906,247 |
| 425,386 | 510,392 | 935,778 |
| 487,421 | 483,372 | 970,793 |
| 553,888 | 452,411 | 1,006,299 |
| 624,785 | 417,228 | 1,042,013 |
| 4,435,532 | 1,342,948 | 5,778,480 |
| 1,036,877 | 71,534 | 1,108,411 |
| \$7,936,101 | \$3,811,919 | \$11,748,020 |
| | \$372,212 425,386 487,421 553,888 624,785 4,435,532 1,036,877 | \$372,212 \$534,035 425,386 510,392 487,421 483,372 553,888 452,411 624,785 417,228 4,435,532 1,342,948 1,036,877 71,534 |

NOTE 5 - Long-Term Debt (Continued):

B. Business Type Activities Debt

Loan and Installment Agreement (Direct Borrowing): On August 27, 2012, the City of Pacifica entered into a loan and installment agreement with the City of Pacifica Financing Authority in the amount of \$6,402,594 payable annually beginning July 1, 2013 at an interest rate of 3.6%, payable each July 1 and January 1, beginning January 1, 2013. The agreement matures on July 1, 2032. The purpose of this agreement is to (i) fund an escrow to cause the mandatory tender of the outstanding 2001B Wastewater Revenue Bonds (ii) provide funds relating to the Equalization Basin Project, the Collection System Capacity Improvement Projects, and the Collection System Repair, Rehabilitation, and Replacement Projects, (iii) fund or provide for satisfaction of the Reserve Fund Requirement, and (vi) pay the costs incurred in connection with the execution of the Loan and Installment Sale.

Accounting gains or losses resulting from advance refunding of long-term debt is deferred and amortized over the shorter of the life of the new debt or refunded debt. The deferred charge on refunding balance at June 30, 2019 was \$222,135 for the Loan and Installment Sale.

The defeased 2001B Wastewater Revenue Bonds have been paid off. Annual debt service requirements, to maturity, for the Loan and Installment Agreement are as follows:

| Fiscal year ended | Principal | Interest | Total |
|-------------------|-------------|-------------|-------------|
| 2020 | \$275,562 | \$171,600 | \$447,162 |
| 2021 | 285,480 | 161,501 | 446,981 |
| 2022 | 295,759 | 151,039 | 446,798 |
| 2023 | 306,407 | 140,200 | 446,607 |
| 2024 | 317,437 | 128,970 | 446,407 |
| 2025 - 2029 | 1,767,099 | 461,747 | 2,228,846 |
| 2030 - 2033 | 1,656,706 | 121,921 | 1,778,627 |
| Total | \$4,904,450 | \$1,336,978 | \$6,241,428 |

NOTE 5 - Long-Term Debt (Continued):

B. Business Type Activities Debt (Continued)

2010 Taxable Pension Obligation Bonds: During May 2010, the City of Pacifica issued \$20,510,000 of Pension Obligation Bonds bearing interest between 1.425% and 6.899% and payable semiannually on June 1 and December 1 each year, commencing December 1, 2010. The bonds mature on June 1, 2030. These bonds were used to advance pay miscellaneous and safety employee pension obligations. Approximately 11.378% of the bond proceeds were allocated to business-type activities.

The Bonds are general obligations of the City, payable solely by the City. The bond covenants contain events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City. No such events occurred during the fiscal year ending June 30, 2019.

| Fiscal year ended | Principal | Interest | Total |
|-------------------|-------------|-----------|-------------|
| 2020 | \$47,788 | \$68,564 | \$116,352 |
| 2021 | 54,614 | 65,528 | 120,142 |
| 2022 | 62,579 | 62,059 | 124,638 |
| 2023 | 71,113 | 58,084 | 129,197 |
| 2024 | 80,215 | 53,567 | 133,782 |
| 2025 - 2029 | 569,468 | 172,418 | 741,886 |
| 2030 | 133,123 | 9,184 | 142,307 |
| Total | \$1,018,900 | \$489,405 | \$1,508,305 |

Annual debt service requirements, to maturity, for the 2010 Pension Obligation Bonds (business-type portion) are as follows:

State of California Water Resource Control Board Loan (Direct Borrowing): On February 20, 1997, the State of California Water Resource Control Board entered into an agreement to loan to the City \$41,304,818 for the construction of a new wastewater treatment facility.

No interest is charged on the loan. Principal payments are due each July 31, with the final payment due July 31, 2021.

Annual debt service requirements, to maturity, for the State of California Water Resource Control Board Loan are as follows:

| Fiscal year ended | Principal | Total |
|-------------------|-------------|-------------|
| 2020 | \$2,065,919 | \$2,065,919 |
| 2021 | 2,065,919 | 2,065,919 |
| 2022 | 2,065,918 | 2,065,918 |
| Total | \$6,197,756 | \$6,197,756 |

NOTE 5 - Long-Term Debt (Continued):

B. Business Type Activities Debt (Continued)

2014 Wastewater Revenue Refunding Bonds: In November 2014, the City issued \$6,470,000 in 2014 Wastewater Revenue Refunding Bonds (2014 bonds) with interest rates ranging from 5% to 5.25%. The proceeds were used to advance refund the 2004 Wastewater Revenue Refunding Bonds.

Net proceeds of \$9.3 million (including a \$1.4 million premium and other city funds) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payment on the refunded bonds. As a result, the 2004 Wastewater Revenue Refunding Bonds are considered defeased and the liability for those bonds has been removed. The reacquisition price totaled to the net carrying amount of the refunded bonds.

Interests on the 2014 bonds are payable semiannually on April 1 and October 1 each year, commenced April 1, 2015. Principal payments which are due each October 1 will commence on October 1, 2022, with the last payment due on October 1, 2026. The bonds are paid from and secured by the net revenues of the wastewater collection system of the City.

Accounting gains or losses resulting from advance refunding of long-term debt is deferred and amortized over the shorter of the life of the new debt or refunded debt. The deferred charge on refunding balance at June 30, 2019 was \$48,845 for the Refunding Bonds.

The Bonds are general obligations of the City, payable solely by the City. The bond covenants contain events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City. No such events occurred during the fiscal year ending June 30, 2019.

Annual debt service requirements, to maturity, for the 2014 Wastewater Revenue Refunding Bonds are as follows:

| Fiscal year ended | Principal | Interest | Total |
|-------------------|-------------|-------------|-------------|
| 2020 | | \$337,000 | \$337,000 |
| 2021 | | 337,000 | 337,000 |
| 2022 | | 337,000 | 337,000 |
| 2023 | \$1,520,000 | 299,000 | 1,819,000 |
| 2024 | 1,595,000 | 221,125 | 1,816,125 |
| 2025 - 2029 | 3,625,000 | 197,875 | 3,822,875 |
| Total | \$6,740,000 | \$1,729,000 | \$8,469,000 |
| | | | |

NOTE 5 - Long-Term Debt (Continued):

B. Business Type Activities Debt (Continued)

2017 Wastewater Revenue Bonds: In June 2017, the City issued \$22,100,000 in 2017 Wastewater Revenue Refunding Bonds (2017 bonds) at an interest rate of 5%. The proceeds were used to fund the acquisition, construction, and installation of certain improvements to the Wastewater system.

Net proceeds of \$26.2 million (including a \$4 million premium and other city funds) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payment on the refunded bonds.

Interests on the 2017 bonds are payable semiannually on April 1 and October 1 each year, commenced October 1, 2017. Principal payments which are due each October 1 will commence on October 1, 2022, with the last payment due on October 1, 2042. The bonds are paid from and secured by the net revenues of the wastewater collection system of the City.

The Bonds are general obligations of the City, payable solely by the City. The bond covenants contain events of default that require the revenue of the City to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the City to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the City; or if any court or competent jurisdiction shall assume custody or control of the City. No such events occurred during the fiscal year ending June 30, 2019.

Annual debt service requirements, to maturity, for the 2017 Wastewater Revenue Refunding Bonds are as follows:

| Fiscal year ended | Principal | Interest | Total |
|-------------------|--------------|--------------|--------------|
| 2020 | | \$1,061,600 | \$1,061,600 |
| 2021 | | 1,061,600 | 1,061,600 |
| 2022 | | 1,061,600 | 1,061,600 |
| 2023 | \$625,000 | 1,045,975 | 1,670,975 |
| 2024 | 655,000 | 1,013,975 | 1,668,975 |
| 2025 - 2029 | 3,815,000 | 4,529,875 | 8,344,875 |
| 2030 - 2034 | 4,895,000 | 3,456,575 | 8,351,575 |
| 2035 - 2039 | 6,055,000 | 2,289,375 | 8,344,375 |
| 2040 - 2043 | 6,055,000 | 624,625 | 6,679,625 |
| Total | \$22,100,000 | \$16,145,200 | \$38,245,200 |

NOTE 6 - Other Post-Employment Benefits (OPEB):

A. Plan Description

The City participates in the CalPERS medical program. Employees in the following bargaining groups who retire from the City and receive a CalPERS pension are eligible to receive City contributions towards the costs of their (OPEB) coverage:

- Department Directors
- Battalion Chiefs
- Firefighters
- Management Unit
- Police Officers
- Police Supervisors
- Police Management
- Wastewater Treatment Plant
- Miscellaneous Employees

In general, employees in the above groups may choose to receive their medical benefits from Union Trust Plans (except Public Safety – Firefighters and Police) or enroll in any of the CalPERS medical plans. For the retirees who do not participate in the CalPERS medical programs, the City does not make a contribution toward the cost of postemployment healthcare benefits. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board Statements No. 75.

B. Funding Policy

Under its arrangement with the CalPERS medical program, the City contributes the minimum amount provided under Government Code Section 22825 of the Public Employees Medical and Hospital Care Act. Retirees must contribute any premium amounts in excess of the City contribution.

Retired Department Directors, retired Management Unit employees, unrepresented managers, and confidential employees receive an additional \$100 monthly benefit.

The City's policy is to contribute an amount sufficient to pay the current year's minimum employer contribution only.

Employees Covered

Membership in the plan consisted of the following at June 30, 2019:

| Active employees | 153 |
|---|-----|
| Inactive employees receiving benefit payments | 91 |
| Inactive employees entitled to but not yet | |
| receiving benefit payments | 56 |
| Total | 300 |

NOTE 6 - Other Post-Employment Benefits (Continued):

C. Total OPEB Liability

Actuarial Methods and Assumptions: The City's total OPEB liability was measured as of June 30, 2017 and was determined by an actuarial valuation that was rolled forward to determine the total OPEB liability as of June 30, 2017, based on the following actuarial methods and assumptions:

| Actuarial Assumption | June 30, 2019 Measurement Date |
|------------------------------------|---|
| Actuarial Valuation Date | June 30, 2018 |
| Contribution Policy | No pre-funding |
| Discount Rate | *3.87% at June 30, 2018 *3.58% at June 30, 2017 |
| General Inflation | 2.75% per annum |
| Aggregate Payroll Increase | 3.00% per annum |
| Mortality, Retirement, Disability, | |
| Termination | CalPERS 1997-2015 Experience Study Post-retirement mortality projected fully |
| Mortality Improvement | generational with Scale MP-2018 |

Discount Rate: The discount rate used to measure the total OPEB liability was 3.58%.

D. Changes in Total OPEB Liability

The changes in the total OPEB Liability follows:

| | Total OPEB Liability |
|--|-------------------------|
| Balance as of June 30, 2018: | |
| (Measurement date 6/30/17) | \$6,304,041 |
| Changes Recognized for the Measurement Period: | |
| Service cost | 303,274 |
| Interest | 233,437 |
| Benefit changes | - |
| Differences between expected and actual experience | (527,075) |
| Changes of assumptions | (320,279) |
| Contributions from the employer | - |
| Benefit payments | (173,450) |
| Net changes | (484,093) |
| Balance as of June 30, 2019: | |
| (Measurement date 6/30/18) | \$5,819,948 |

NOTE 6 - Other Post-Employment Benefits (Continued):

Ε. Sensitivity of the Total OPEB Liability

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1percentage-point higher than the current discount rate:

| Total OPEB Liability/(Asset) | | | |
|------------------------------|-----------------------|-------------------|--|
| Discount Rate -1% | Current Discount Rate | Discount Rate +1% | |
| (2.87 %) | (3.87%) | (4.87%) | |
| \$6,771,425 | \$5,819,948 | \$5,060,153 | |

The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentagepoint lower or 1-percentage-point higher than the current healthcare cost trend rate:

| Total OPEB Liability/(Asset) | | | |
|---|---|---|--|
| 1% Decrease | Current Healthcare Cost Trend Rates | 1% Increase | |
| (5.25% Pre-Med/ 5.45% Post-Med decreasing to 3.75% in 2021) | (6.25% Pre-Med/ 6.45% Post-Med decreasing to 4.75% in 2021) | (7.25% Pre-Med/ 7.45% Post-Med decreasing to 5.75% in 2021) | |
| \$5,023,338 | \$5,819,948 | \$6,840,778 | |

NOTE 6 - Other Post-Employment Benefits (Continued):

F. OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the City recognized OPEB Expense of \$434,895. As of fiscal year ended June 30, 2019, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

| | | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|-------|-----------------------------------|----------------------------------|
| Employer contributions made subsequent to the measurement date Differences between actual and expected experience | | \$168,430 | * \$ - 448.407 |
| Changes of assumptions | | - | 780,718 |
| . | Total | \$168,430 | \$1,229,125 |

* Include \$127,927 cash benefit payments, \$1,059 administrative costs and \$39,444 implied subsidy benefit payments.

\$168,430 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2019. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as future OPEB expense as follows:

| Year | Annual |
|---------------|---------------|
| Ended June 30 | Amortization |
| 2020 | (\$241,980) |
| 2021 | (241,980) |
| 2022 | (241,980) |
| 2023 | (241,980) |
| 2024 | (172,677) |
| Thereafter | (88,528) |
| Total | (\$1,229,125) |

NOTE 7 - Pension Plans:

A. General Information about the Pension Plans

The City has pension plans with the California Public Employees Retirement System (CalPERS) and the California Public Employees Retirement System (PARS). Information about the pension plans follows.

California Public Employees Retirement System (CalPERS)

Plan Descriptions – All qualified permanent and probationary employees are eligible to participate in the City's defined benefit pension plans as follows:

- Miscellaneous (agent multiple-employer plan)
- Safety Police (cost-sharing multiple-employer plan)
- Pepra Safety Police (cost-sharing multiple-employer plan)
- Safety Fire (cost-sharing multiple-employer plan)
- Pepra Safety Fire (cost-sharing multiple-employer plan)

These plans are administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

At June 30, 2019, the City reported the following amounts related to the pension plans:

| | Deferred Outflows | Net Pension | Deferred Inflows |
|---------------|-------------------|----------------|------------------|
| | of Resources | Liability | of Resources |
| Miscellaneous | \$2,938,285 | (\$16,503,534) | (\$817,300) |
| Safety | 7,862,000 | (32,079,854) | (2,318,092) |
| PARS REP | 35,037 | (1,511,005) | (\$3,135,392) |
| Total | \$10,835,322 | (\$50,094,393) | |

NOTE 7 - Pension Plans (Continued):

B. Miscellaneous Plan

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plans' provisions and benefits in effect at June 30, 2019, are summarized as follows:

| | Miscellaneous |
|---|------------------|
| Benefit formula | 2% @ 55 |
| | 2.5% @ 55 |
| | 2% @ 62 |
| Benefit vesting schedule | 5 years service |
| Benefit payments | monthly for life |
| Retirement age | 55-62 |
| Monthly benefits, as a % of eligible compensation | 2-2.5% |
| Required employee contribution rates | 7.742% |
| Required employer contribution rates | 20.679% |

The Following employees were covered by the benefit terms for the Plan as of the most recent actuarial valuation date of June 30, 2017 and measurement date of June 30, 2018.

| | Miscellaneous |
|--|---------------|
| Inactive employees or beneficiaries | |
| currently receiving benefits | 180 |
| Inactive employees entitled to but not | |
| yet receiving benefits | 164 |
| Active employees | 122 |
| Total | 466 |

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers to be determined on an annual basis by the actuary and be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

NOTE 7 - Pension Plans (Continued):

B. Miscellaneous Plan (Continued)

Net Pension Liability – The City's net pension liability for the Miscellaneous Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of the Plan is measured as of June 30, 2018, using an annual actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Changes in the Net Pension Liability – The changes in the Net Pension Liability for the Miscellaneous Plan are as follows:

| | Increase (Decrease) | | |
|---|---------------------|----------------|-------------------|
| | Total Pension | Plan Fiduciary | Net Pension |
| | Liability | Net Position | Liability/(Asset) |
| Balance at June 30, 2017 Measurement Date | \$96,151,295 | \$78,412,177 | \$17,739,118 |
| Changes in the year: | | | |
| Service cost | 1,716,353 | | 1,716,353 |
| Interest on the total pension liability | 6,687,032 | | 6,687,032 |
| Changes of Benefit Terms | | | |
| Changes of assumptions | (739,131) | | (739,131) |
| Difference between expected and actual | | | |
| experience | (407,869) | | (407,869) |
| Net plan to plan resource movement | | (191) | 191 |
| Contributions - employer | | 1,571,937 | (1,571,937) |
| Contributions - employees | | 749,462 | (749,462) |
| Net investment income | | 6,524,986 | (6,524,986) |
| Benefit payments, including refunds of employee | | | |
| contributions | (4,675,098) | (4,675,098) | |
| Administrative expense | | (122,188) | 122,188 |
| Other miscellaneous income/(expense) | | (232,037) | 232,037 |
| Net changes | 2,581,287 | 3,816,871 | (1,235,584) |
| Balance at June 30, 2018 Measurement Date | \$98,732,582 | \$82,229,048 | \$16,503,534 |

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the City for the Miscellaneous Plan, calculated using the discount rate, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

| | Miscellaneous |
|-----------------------|---------------|
| 1% Decrease | 6.15% |
| Net Pension Liability | \$29,416,036 |
| Current Discount Rate | 7.15% |
| Net Pension Liability | \$16,503,534 |
| 1% Increase | 8.15% |
| Net Pension Liability | \$5,811,141 |

NOTE 7 - Pension Plans (Continued)

B. Miscellaneous Plan (Continued)

Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions – For the year ended June 30, 2019, the City recognized pension expense of \$1,233,080. At June 30, 2019, the City reported deferred outflows of resources related to pensions for the Plan from the following sources:

| | Miscellaneous | |
|--|-----------------------------------|----------------------------------|
| | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Pension contributions subsequent to measurement date | \$1,896,427 | |
| Differences between actual and expected experience Changes in assumptions Net differences between projected and actual earnings on | 692,455 | (\$386,140) (431,160) |
| plan investments | 349,403 | |
| Total | \$2,938,285 | (\$817,300) |

\$1,559,981 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows:

| Year Ended | Annual |
|------------|--------------|
| June 30 | Amortization |
| 2020 | \$1,131,280 |
| 2021 | 74,852 |
| 2022 | (776,886) |
| 2023 | (204,688) |
| | \$224,558 |

Contributions, Actuarial assumptions and information regarding the discount rate are discussed in Note 7E below.

C. Safety Plan

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense, but without reduction for pension plan administrative expense. The discount rate of 7.15% used for the June 30, 2018 measurement date is without reduction of pension plan administrative expense.

NOTE 7 - Pension Plans (Continued):

C. Safety Plan (Continued)

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plans' provisions and benefits in effect at June 30, 2019, are summarized as follows:

| | Safety-Police | |
|---|------------------|------------------|
| | Prior to | On or after |
| Hire date | January 1, 2013 | January 1, 2013 |
| Benefit formula | 3% @ 50 | 2.7% @ 57 |
| Benefit vesting schedule | 5 years service | 5 years service |
| Benefit payments | monthly for life | monthly for life |
| Retirement age | 50 | 50 |
| Monthly benefits, as a % of eligible compensation | 3% | 2-2.7% |
| Required employee contribution rates | 8.988% | 12.000% |
| Required employer contribution rates | 20.556% | 12.141% |

| | Safety-Fire | |
|---|------------------|------------------|
| | Prior to | On or after |
| Hire date | January 1, 2013 | January 1, 2013 |
| Benefit formula | 3% @ 55 | 2.7% @ 57 |
| Benefit vesting schedule | 5 years service | 5 years service |
| Benefit payments | monthly for life | monthly for life |
| Retirement age | 50 | 50 |
| Monthly benefits, as a % of eligible compensation | 2.4-3% | 2-2.7% |
| Required employee contribution rates | 8.984% | 12.000% |
| Required employer contribution rates | 18.677% | 12.141% |

Contributions, actuarial assumptions and information regarding the discount rate are discussed in Note 7E below.

As of June 30, 2019, the City reported net pension liabilities for its proportionate shares of the net pension liability of the Safety Plan as \$32,079,854.

NOTE 7 - Pension Plans (Continued):

C. Safety Plan (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the City for the Safety Plan, calculated using the discount rate, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

| | Safety |
|--|-----------------------|
| 1% Decrease | 6.15% |
| Net Pension Liability | \$48,744,648 |
| Current Discount Rate Net Pension Liability | 7.15% \$32,079,854 |
| 1% Increase Net Pension Liability | 8.15% \$18,426,039 |

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions – For purposes of measuring the net pension liability and deferred outflows/inflows or resources related to pensions, and pension expense, information about the fiduciary net position of the Plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2017, using an annual actuarial valuation as of June 30, 2016 rolled forward to June 30, 2017 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for the Plan as of June 30, 2017 and 2016 was as follows:

| Proportion - June 30, 2017 | 0.529% |
|------------------------------|--------|
| Proportion - June 30, 2018 | 0.547% |
| Change - Increase (Decrease) | 0.018% |

NOTE 7 - Pension Plans (Continued):

C. Safety Plan (Continued)

For the year ended June 30, 2019, the City recognized pension expense of \$6,562,529. At June 30, 2019, the City reported deferred outflows of resources related to pensions for the Plan from the following sources:

| | Safety | |
|--|-------------------|------------------|
| | Deferred Outflows | Deferred Inflows |
| | of Resources | of Resources |
| Pension contributions subsequent to measurement date | \$2,830,926 | |
| Differences between actual and expected experience | 689,288 | (\$2,615) |
| Changes in assumptions | 3,147,593 | (424,667) |
| Net differences between projected and actual earnings on plan investments | 217,196 | |
| Differences between actual | | |
| contributions and proportionate share of contributions | | (1,490,423) |
| Change in proportion | 976,997 | (400,387) |
| Total | \$7,862,000 | (\$2,318,092) |

\$2,830,926 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows:

| Year Ended | Annual | |
|------------|--------------|--|
| June 30 | Amortization | |
| 2020 | \$2,422,038 | |
| 2021 | 1,397,396 | |
| 2022 | (884,251) | |
| 2023 | (222,201) | |
| | \$2,712,982 | |

NOTE 7 - Pension Plans (Continued):

D. PARS Plan

Plan Description – The PARS Retirement Enhancement Plan (REP) was implemented July 1, 2003 and closed to new participants hired after January 1, 2012. Eligibility to participate in REP is for the following positions: City Attorney, Administrative Services Director, non-safety Department Director or non-safety management employee of the City on or after July 1, 2003. Participants receiving the benefits are non-safety Management Group Employees. This plan is separate from CaIPERS and is established as a 401(a) Defined Benefit Plan. The REP is administered by PARS.

The REP provides a benefit equal to 0.5% of final average compensation for City management service earned after plan inception (July 1, 2003). In addition, any City employee in a covered management position as of the date of plan inception will receive up to an additional 10 years of service for any City service (management or non-management) prior to July 1, 2003.

Eligibility for an immediate benefit is defined as reaching age 55, completing five years of fulltime City management service, and retiring concurrently from both the City and CalPERS after leaving City employment.

Employees Covered – At June 30, 2019 the following employees covered by the benefit terms of the plan.

| | REP |
|--|-----|
| Inactive employees or beneficiaries | |
| currently receiving benefits | 17 |
| Inactive employees entitled to but not yet | |
| receiving benefits | |
| Active employees | 9 |
| Total | 26 |

NOTE 7 - Pension Plans (Continued):

D. PARS Plan (Continued)

Changes in the Net Pension Liability – The net pension liability of the REP is measured as of June 30, 2018, using an annual actuarial valuation as of June 30:

PARS REP:

| | Increase (Decrease) | | | |
|---|------------------------------|--------------|-------------------|--|
| | Total Pension Plan Fiduciary | | Net Pension | |
| | Liability | Net Position | Liability/(Asset) | |
| Balance at June 30, 2017 Measurement Date | \$3,705,466 | \$2,264,313 | \$1,441,153 | |
| Changes in the year: | | | | |
| Service cost | 48,885 | | 48,885 | |
| Interest on the total pension liability | 247,550 | | 247,550 | |
| Contribution - employer | | 98,849 | (98,849) | |
| Net investment income | | 136,800 | (136,800) | |
| Effect of economic/demographic gains or losses | | | | |
| Effect of assumptions changes or inputs | | | | |
| Administrative expenses | | (9,066) | 9,066 | |
| Benefit payments, including refunds of employee | | | | |
| contributions | (176,795) | (176,795) | | |
| Net changes | 119,640 | 49,788 | 69,852 | |
| Balance at June 30, 2018 Measurement Date | \$3,825,106 | \$2,314,101 | \$1,511,005 | |

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the City for the PARS Plan, calculated using the discount rate, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

| | REP |
|-----------------------|-------------|
| 1% | |
| Decrease | 5.75% |
| Net Pension Liability | \$1,956,851 |
| | |
| Current Discount Rate | 6.75% |
| Net Pension Liability | \$1,511,005 |
| | |
| 1% | |
| Increase | 7.75% |
| Net Pension Liability | \$1,135,053 |

NOTE 7 - Pension Plans (Continued):

D. PARS Plan (Continued)

Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions – For the year ended June 30, 2019, the City recognized pension expense of \$388,648. At June 30, 2019, the City reported deferred outflows of resources related to pensions for the Plan from the following sources:

| | REP Deferred Outflows of Resources |
|--|--|
| Differences between actual and expected experience Changes in assumptions Net differences between projected and actual earnings on | |
| plan investments | \$35,037 |
| Total | \$35,037 |

The REP Measurement Date is the same as the fiscal year end date, therefore, the fiscal year 2019 contribution of \$98,849 was recognized as part of the pension expense during the year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as pension expense as follows:

| Year Ended | Annual |
|------------|--------------|
| June 30 | Amortization |
| 2020 | \$27,768 |
| 2021 | (281) |
| 2022 | 4,918 |
| 2023 | 2,632 |
| | \$35,037 |
| | |

Contributions, Actuarial assumptions and information regarding the discount rate are discussed in Note 7E below.

E. Information Common to the Miscellaneous, Safety and PARS Plans

Beginning in fiscal year 2016, CalPERS collects employer contributions for the cost-sharing plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability and side fund. The dollar amounts are billed on a monthly basis. The City's required contribution for the unfunded liability in the Miscellaneous and Safety Plans were \$940,521 and \$757,656 respectively.

NOTE 7 - Pension Plans (Continued):

E. Information Common to the Miscellaneous, Safety and PARS Plans (Continued)

Contributions – The discount rate used to measure the total pension liability for each Plan was 7.15%. The projection of cash flows used to determine the discount rate for each Plan assumed that contributions from all plan members in the Public Employees Retirement Fund (PERF) will be made at the current member contribution rates and the that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, each Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members for all plans in the PERF. Therefore, the long-term expected rate of return on plan investments was applied to all period of projected benefit payments to determine the total pension liability for each Plan.

PARS Retirement Enhancement Plan (REP) - The City makes all contributions necessary to fund the benefits available under the REP. Employees are not permitted to make any contributions.

For the year ended June 30, 2019, the contributions to all Plans were as follows:

| | Employer | |
|---------------|---------------|--|
| | Contributions | |
| CalPERS: | | |
| Miscellaneous | \$1,896,427 | |
| Safety | 2,830,926 | |
| PARS REP | 98,849 | |
| Total: | \$4,826,202 | |

NOTE 7 - Pension Plans (Continued):

E. Information Common to the Miscellaneous, Safety and PARS Plans (Continued)

Actuarial Assumptions – For the measurement period ended June 30, 2017, the total pension liabilities were determined by rolling forward the June 30, 2016 total pension liability. The June 30, 2016 total pension liabilities were based on the following actuarial methods and assumptions:

| | CalPERS | PARS REP |
|----------------------------------|-----------------------------------|--|
| Valuation Date | June 30, 2017 | June 30, 2017 |
| Measurement Date | June 30, 2018 | June 30, 2019 |
| Actuarial Cost Method | Entry-Age Normal in accordance | with the requirements of GASB 68 |
| Actuarial Assumptions: | | |
| Discount Rate | 7.15% | 6.75% |
| Inflation | 2.50% | 2.75% |
| Payroll Growth | 3.0% | 3.4% |
| - | | Consistent with the rates used to |
| | | value the Miscellaneous Agency |
| | | CalPERS Pension Plans (Entry Age |
| Projected Salary Increase | Varied by Entry Age and Service | 30). |
| Investment Rate of Return | 7.15% (1) | 6.75% |
| | | Pre-retirement: Consistent with the |
| | | Non-Industrial rates used to value |
| | | Miscellaneous Agency CalPERS |
| | | Pension Plans. |
| | | Post-retirement: CalPERS 1997- |

| Post Retirement Benefit Increase | Power applies, 2.50% thereafter | of service. |
| | | |

(1) Net of pension plan investment expenses, including inflation

(2) The mortality table used was developed based on CaIPERS' specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CaIPERS demographic data from 1997 to 2015 that can be found on the CaIPERS website.

California Public Employees Retirement System Plans (CalPERS)

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2015 valuation were based on the results of a January 2014 actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can be found on the CaIPERS website.

NOTE 7 - Pension Plans (Continued):

E. Information Common to the Miscellaneous, Safety and PARS Plans (Continued)

Discount Rate – The discount rate used to measure the total pension liability for each Plan was 7.15%. The projection of cash flows used to determine the discount rate for each Plan assumed that contributions from all plan members in the Public Employees Retirement Fund (PERF) will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, each Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members for all plans in the PERF. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability for each Plan.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

| Asset Class (a) | New Strategic Allocation | Real Return Years 1 - 10(b) | Real Return Years 11+(c) |
|---------------------|--------------------------------|--------------------------------|-----------------------------|
| Global Equity | 50.0% | 4.80% | 5.98% |
| Global Fixed Income | 28.0% | 1.00% | 2.62% |
| Inflation Sensitive | 0.0% | 0.77% | 1.81% |
| Private Equity | 8.0% | 6.30% | 7.23% |
| Real Estate | 13.0% | 3.75% | 4.93% |
| Liquidity | 1.0% | 0.00% | -0.92% |
| Total | 100% | | |

(a) In the CalPERS CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included

in both Global Equity Securities and Global Debt Securities.

(b) An expected inflation of 2.0% used for this period.

(c) An expected inflation of 2.92% used for this period.

NOTE 7 - Pension Plans (Continued):

E. Information Common to the Miscellaneous, Safety and PARS Plans (Continued)

Pension Liability - In December 2016, CalPERS' Board of Directors voted to lower the discount rate from 7.5% to 7.0% over the next three fiscal years, beginning in fiscal year 2019. The change in the discount rate will affect the contribution rates beginning in fiscal year 2019 and result in increases to the normal costs and unfunded actuarial liabilities.

PARS Retirement Enhancement Plan (REP)

The REP's range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation as follows:

PARS REP

| | | Long-term |
|----------------------------|------------|-----------------|
| | | Expected |
| | Target | Arithmetic Real |
| Asset Class | Allocation | Rate of Return |
| Cash | 2.51% | 0.71% |
| Core Fixed Income | 45.34% | 1.83% |
| Broad US Equities | 39.59% | 4.71% |
| Developed Foreign Equities | 5.90% | 6.06% |
| Emerging Market Equities | 4.27% | 8.23% |
| US REITs | 2.39% | 5.05% |
| Total | 100% | |

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position with CalPERS and PARS are available in the separately issued CalPERS financial report with CalPERS and City of Pacifica respectively.

NOTE 8 - Risk Management:

A. Workers' Compensation

The City is a member of the Municipal Pooling Authority of Northern California, which pools risks under the terms of a joint-powers agreement with 31 other cities and governmental agencies. The City has no workers' compensation deductible for claims and the Authority covers claims up to \$500,000. The Authority purchases excess insurance from \$500,000 to the statutory limit. The City paid premiums of \$836,464 during fiscal year end June 30, 2019 for workers' compensation coverage.

The Authority is governed by a Board consisting of representatives from member municipalities. The Board controls the operations of the Authority, including selection of management and approval of operating budgets, independent of any influence by member municipalities beyond their representation on the Board.

The City's deposits with the Authority are in accordance with formulas established by the Authority. Actual surpluses or losses are shared according to a formula developed from overall loss costs and spread to member entities on a percentage basis after a retrospective rating.

Audited financial statements can be obtained from Municipal Pooling Authority, 1911 San Miguel Drive #100, Walnut Creek, CA 94596.

B. General Liability

On July 1, 1986, the City became a member of the Association of Bay Area Governments (ABAG) Pooled Liability Assurance Network (PLAN). PLAN is a not-for-profit organization established to provide certain levels of liability insurance coverage, claims and risk management services, and legal defense to thirty- one San Francisco Bay Area cities. PLAN is governed by a Board of Directors comprised of officials appointed by each participating member and is administered by the Association of Bay Area Governments (ABAG). Complete financial statements for ABAG PLAN may be obtained from their offices at the following address: ABAG PLAN Corporation, Finance Department, 375 Beale Street, Ste 700, San Francisco, CA 94105-2066.

The City paid premiums of \$553,096 during fiscal year end June 30, 2019 for general liability and property coverage in excess of the City's self-insured retention. Members may receive rebates when declared by ABAG or, in the event excess liability claims against ABAG exceed available resources, may be required to make additional contributions.

The City is self-insured for the first \$50,000 of general and property liability for each occurrence, and the excess (up to \$10,000,000 for each occurrence and annual aggregate) is covered through the City's participation in the ABAG PLAN.

NOTE 8 - Risk Management (Continued):

C. Dental

On July 1, 1988, the City established a program of self-insurance with respect to Employee's Dental Insurance, in accordance with the provisions of a Memorandum of Understanding between the City and all full-time employees. This program is administered by Preferred Benefit Insurance Administrators and provides claims review and processing. The maximum benefit per employee per plan year varies between \$1,500 and \$2,000; the maximum benefit per dependent per plan year is also between \$1,500 and \$2,000.

The City maintains an internal service fund to account for these insurance programs. Claims expenses and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported.

Changes in the total reported liability resulted from the following:

| | Fiscal Year ended in June 30, | | | |
|-----------------------------|-------------------------------|-----------|--|--|
| | 2018 | 2019 | | |
| July 1 Liability | \$160,592 | \$137,898 | | |
| Claims & change in estimate | 365,215 | 377,230 | | |
| Payments for claims | (387,909) | (358,710) | | |
| June 30 Liability | \$137,898 | \$156,418 | | |

NOTE 9 - Interfund Transactions:

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund receivables/interfund payables (i.e., the current portion of interfund loans) or advances to/from other funds (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as interfund receivables or interfund payables. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as internal balances.

A. Due To/From Other Funds

Current interfund balances arise in the normal course of business, to fund projects until the borrowing fund receives revenues to repay the lending fund and to assist funds with negative cash balance at the fiscal year end. The following is a summary of Interfund balances as of June 30, 2018:

| Funds | Due from other funds | Due to other funds |
|---------------------------|----------------------|--------------------|
| Major Governmental Funds: | | |
| General Fund | \$1,681,358 | |
| Special Revenue Funds: | | |
| Davies Trust Fund | | \$69,183 |
| Disaster Accounting Fund | | 1,083,385 |
| Street Construction Fund | | 210,437 |
| Debt Service Fund | | 318,353 |
| Total | \$1,681,358 | \$1,681,358 |

B. Transfers

Transfers report the nonreciprocal contribution of resources from one fund to another. The purpose of the majority of transfers is to reimburse a fund which has made expenditures on behalf of another fund. Less often a transfer may be made to open or close a fund. The principal purpose of the City's interfund transfers as shown below was for operational support to other funds.

C. Internal Balances

Internal balances are presented in the entity-wide financial statements only. They represent the net interfund receivables and payables after the elimination of all such balances within governmental and business-type activities.

NOTE 9 - Interfund Transactions (Continued):

| Funds | Transfers In | Transfers Out |
|--|--------------|---------------|
| Major Governmental Funds: | | |
| General Fund | \$2,288,362 | \$551,510 |
| Disaster Accounting Fund | 4,354,694 | 21,516 |
| General Capital Improvement Fund | 4,156,530 | 142,967 |
| Debt Service Fund | 808,617 | 2,039,612 |
| Major Enterprise Funds: | | |
| Sewer Utility Fund | | 272,500 |
| Nonmajor Governmental Funds: | | |
| Gas Tax Fund | 72,542 | 978,924 |
| NPDES Stormwater Speicial Revenue Fund | 30,000 | 80,000 |
| Parks and Playfields Special Revenue Fund | 21,516 | |
| Street Construction Speicial Revenue Fund | 1,320,339 | 2,332,625 |
| Excess ERAF Speicial Revenue Fund | | 6,973,956 |
| Parks, Beaches and Recreation Fund | 6,510 | |
| Frontierland Remediation Capital Projects Fund | | 600,000 |
| Internal Service Funds: | | |
| Motor Pool Fund | 802,500 | |
| Self Insurance Fund | 132,000 | |
| Total | \$13,993,610 | \$13,993,610 |

The following is a summary of transfers for the fiscal year ended June 30, 2019:

D. Advances

At June 30, 2019, the funds below had made advances that are not expected to be repaid within the next year. These long-term interfund advances are expected to be repaid out of future developer fees.

General Fund/Sewer Utility Enterprise Fund

• Per the repayment plan approved by the Pacifica City Council on June 23, 2014, repayment of this advance began in 2017-18 and conclude in 2020-21.

General Fund/NPDES Special Revenue Fund

• A repayment plan will be addressed in the 2019-20 fiscal year.

Street Construction Special Revenue Fund/General Capital Improvement Capital Projects Fund

• A repayment plan will be addressed in the 2019-20 fiscal year.

NOTE 10 - Loan Receivable from Successor Agency Private-purpose Trust Fund:

Prior to the dissolution of the former redevelopment agency, the General Fund had loaned money to the former Redevelopment Agency Rockaway Beach Fund to carry out redevelopment activities. As a result of the dissolution, the loan receivable is now recorded as a loan receivable from the Successor Agency Private-purpose Trust Fund. Interest accrues on the original advance at the current Local Agency Investment Fund (LAIF) rate and effective September 22, 2015, calculated at a simple interest rate of 3%. At June 30, 2019, outstanding loans totaled \$3,742,926 (\$1,963,440 in principal and \$1,779,486 in accrued interest).

NOTE 11 - Net Position and Fund Balances:

A. Net Position

GASB Statement No. 63 adds the concept of net position, which is measured on the full accrual basis, to the concept of Fund Balance, which is measured on the modified accrual basis.

Net position is divided into three captions under GASB Statement No. 34 and 63. These captions apply only to net position as determined at the government-wide level, and are described below:

Net Investment in Capital Assets describes the portion of net position, which is represented by the current net book value of the City's capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter. These principally include capital projects, revolving loan programs, and other various grant programs.

Unrestricted describes the portion of net position which is not restricted as to use.

When both restricted and unrestricted net position is available, restricted resources are depleted first before the unrestricted resources are used.

B. Fund Balances

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

NOTE 11 - Net Position and Fund Balances (Continued):

B. Fund Balances (Continued)

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party-such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance) of City Council. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In the General Fund, assigned amounts represent intended uses established by City Council or a City official delegated that authority by City ordinance (City Manager).

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available.

Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE 11 - Net Position and Fund Balances (Continued):

B. Fund Balances (Continued)

The constraints placed on fund balance for the major governmental funds and all other governmental funds at June 30, 2019 are as follows:

| | | General Fund | Disaster Accounting Fund | General Capital Improvement Fund | Debt Service Fund | Non-Major Governmental Fund | Total Governmental Funds |
|-----------------------------|----------|--------------|--------------------------------|---|-------------------------|-----------------------------------|--------------------------------|
| Nonspendable: | | | | | | | |
| Prepaid items | | \$90,371 | | | | | \$90,371 |
| Inventory | | 2,726 | | | | | 2,726 |
| Loan receivable | | 3,742,926 | | | | | 3,742,926 |
| Advances | | 75,000 | | | | | 75,000 |
| | Subtotal | 3,911,023 | | | | | 3,911,023 |
| Restricted for: | | | | | | | |

| Streets and roads | | | | | | 3,794,330 | 3,794,330 |
| Housing | | | | | | 275,289 | 275,289 |
| Parking | | | | | | 130,591 | 130,591 |
| Debt services | | | | | \$22,759 | | 22,759 |
| Stormwater | | | | | | | |
| operations | | | | | | 130,328 | 130,328 |
| Capital projects | | | | | | 3,755,944 | 3,755,944 |
| | Subtotal | | | | 22,759 | 11,761,472 | 11,784,231 |
| Assigned for: | | | | | | | |
| Fund Balance Reserve | | 1,726,639 | | | | | 1,726,639 |
| Facility Main & Replace Res | serve | 150,000 | | | | | 150,000 |
| Compensated Absences Re | eserve | 200,000 | | | | | 200,000 |
| Child Care Reseserve | | 1,022,908 | | | | | 1,022,908 |
| Parks, beaches | | | | | | | |
| and recreation | | 399,574 | | | | | 399,574 |
| | Subtotal | 3,499,121 | | | | | 3,499,121 |
| Unassigned | | 7,548,938 | \$334,856 | \$1,609,122 | | | 9,492,916 |
| | Total | \$14,959,082 | \$334,856 | \$1,609,122 | \$22,759 | \$11,761,472 | \$28,687,291 |

NOTE 12 - Contingencies:

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

NOTE 13 – Successor Agency to Former Redevelopment Agency Activities:

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 ("the Bill") that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City of Pacifica that previously had reported a redevelopment agency within the reporting entity of the City as a blended component unit. On January 23, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with the Bill as part of the City resolution number 01-2012.

Long Range Property Management Plan – On December 10, 2015 the Successor Agency received confirmation from the California Department of Finance that it had reviewed and approved the Successor Agency's Long Range Property Management Plan (LRPMP).

Loan Payable to the City – Please see Note 10.

Long-term Debt – Long-term debt of the Successor Agency as of June 30, 2019, consisted of the following:

| | Balance July 01, 2018 | Retirements | Balance June 30, 2019 | Due in One Year |
|---------------------------|--------------------------|-------------|--------------------------|-----------------|
| 2004 Tax allocation bonds | \$1,200,000 | (\$60,000) | \$1,140,000 | \$60,000 |

2004 Tax Allocation Bonds: In August 2004, the former Redevelopment Agency (Agency) issued \$1,725,000 in Rockaway Beach Redevelopment Project 2004 Tax Allocation Bonds at interest rates ranging from 2.9% to 5.75%. The net proceeds of the bonds were issued to refinance redevelopment activities by repaying a portion of the loan made by the City to the Agency and to establish a reserve fund. Interest on the bonds will be payable semiannually on January 1 and July 1 each year, commencing January 1, 2005. The bonds mature on July 1, 2031. The bonds are payable exclusively from pledged tax revenues to be derived from the project area and from the amounts on deposits in certain funds and accounts, including the reserve account and the revenue account.

The Bonds are general obligations of the Agency payable by the Agency. The bond covenants contain events of default that require the revenue of the Agency to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the Agency to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the Agency; or if any court or competent jurisdiction shall assume custody or control of the Agency. No such events occurred during the fiscal year ending June 30, 2019.

NOTE 13 – Successor Agency to Former Redevelopment Agency Activities:

| Fiscal year ended | Principal | Interest | Total |
|-------------------|-------------|-----------|-------------|
| 2020 | \$60,000 | \$63,518 | \$123,518 |
| 2021 | 65,000 | 60,040 | 125,040 |
| 2022 | 70,000 | 56,217 | 126,217 |
| 2023 | 75,000 | 52,084 | 127,084 |
| 2024 | 75,000 | 47,809 | 122,809 |
| 2025 - 2029 | 450,000 | 166,731 | 616,731 |
| 2030 - 2032 | 345,000 | 30,331 | 375,331 |
| Total | \$1,140,000 | \$476,730 | \$1,616,730 |
| | | | |

Annual debt service requirements, to maturity, for the 2004 Tax Allocation Bonds are as follows:

Note 14 – Subsequent Events

A. 2019 Taxable Refunding Pension Obligation Bonds

In October 2019, the City issued Taxable Refunding Pension Obligation Bonds in the amount of \$9,685,000. The proceeds from the Bonds will be used to refund the outstanding balance of the 2010 Taxable Pension Obligation Bonds. The Bonds bear interest rates between 2.243% and 3.060%. Interest on the Bonds is payable semi-annually June 1 and December 1 of each year, commencing June 1, 2020.

B. Bargaining Unit

The Pacifica Fire Fighters Association has filed an action against the City to determine the enforceability of Measure F. The litigation is in the preliminary stage with no reportable outcomes.

Notes to Schedule:

Benefit changes - The figures above do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2016 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

<u>Changes in assumptions</u> - In 2017, the accounting discount rate reduced from 7.65 percent to 7.15 percent. In 2016 and 2018, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense.) In 2014, amounts reported were based on the 7.5 percent discount rate.

* Fiscal year 2015 was the 1st year of implementation, therefore only five years are shown.

CITY OF PACIFICA, CALIFORNIA REQUIRED SUPPLEMENTARY INFORMATION FISCAL YEAR ENDED JUNE 30, 2019

1. BUDGETARY BASIS OF ACCOUNTING

The City prepares a budget for each fiscal year on or before June 30. Budgeted expenditures are enacted into law through the passage of an Appropriation Resolution. This resolution mandates the maximum authorized expenditures for the fiscal year and cannot be exceeded except by subsequent amendments to the budget by the City Council.

From the effective date of the budget, which is adopted and controlled at the department level, the amounts stated therein as proposed expenditures become appropriations to the various City departments. The legal level of control is the department. The City Council may amend the budget by resolution during the fiscal year.

Formal budgetary integration is employed as a management control device during the fiscal year for the General fund and Special Revenue and Capital Project Funds. The General Fund budget and Special Revenue and Capital Project Fund budgets are adopted on a basis consistent with accounting principles generally accepted in the United States (USGAAP) and are consistent with the basis used for financial reporting. Accordingly, actual revenues and expenditures can be compared with related budget amounts without any reconciliation.

CITY OF PACIFICA, CALIFORNIA NON-MAJOR GOVERNMENTAL FUNDS FISCAL YEAR ENDED JUNE 30, 2019

Special Revenue Funds

Special Revenue Funds are created in accordance with Federal, State, or City regulations which require that monies apportioned from these specific funds be spent only for certain designated purposes. Funds included in this fund category are:

GAS TAX SPECIAL REVENUE FUND – This fund was established to receive and expend the City's allocation of the State Gasoline Taxes. Each City is allocated funds on a population basis in accordance with Section 2103, 2105, 2106, 2107 and 2107.5 of the California Street and Highway Code. Population is determined by the latest Federal Census or survey requested and certified by the Cities and conducted by the State Department of Finance. Expenditures may be made for construction or purchasing of right-of-way on minor streets. Expenditures of money apportioned under Section 2107 may be made for any street purpose. Under Section 2107.5 a flat allocation of \$6,000 per year is granted the City for street engineering.

DAVIES TRUST SPECIAL REVENUE FUND – This fund was established to account for a donation by a private individual which is restricted for specific purposes. The funds are to be used to help acquire, build, remodel, improve, support, and maintain the equipment, buildings, grounds, yard, gardens, and landscaped areas of the various parks, beaches, and recreational area located in Pacifica, to conduct related educational and recreational programs for the benefit of the general public.

SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND - This fund was created to account for revenues and expenditures associated with money allocated by the legislature to all cities and counties throughout the state to supplement front line law enforcement services.

NPDES STORMWATER FUND - The NPDES (National Pollution Discharge Elimination System) Stormwater Fund was established in fiscal year 1994-95 to account for revenues and expenditures associated with Federal and State mandated stormwater operations.

DISASTER ACCOUNTING FUND - This fund was established to account for all revenues received and expenditures incurred due to natural and man-made disasters.

HOUSING IN-LIEU FUND - This fund was established to account for receipts from fees imposed on developers to provide for improvements.

PARKING IN-LIEU FUND - This fund was established to account for receipts and expenditures from fees imposed on developers to provide for parking facilities improvements.

EXCESS ERAF FUND - This fund was established to account for excess education augmentation revenue that the City receives from the County.

PARKS, BEACHES AND RECREATION FUND - This fund was established to account for various donations specifically designated for Park, Beaches and Recreation activities.

CITY OF PACIFICA, CALIFORNIA NON-MAJOR GOVERNMENTAL FUNDS FISCAL YEAR ENDED JUNE 30, 2019

Capital Projects Funds

Capital Projects Funds are established to account for financial resources to be used for the acquisition, construction, and improvement of major capital facilities of the City. Appropriations are made from the funds annually.

HIGHWAY 1 IMPROVEMENT FUND - This fund is financed by traffic impact mitigation fees as outlined in the Pacifica Municipal Code (Section 8-15.01 to Section 8-15.06).

MANOR DRIVE IMPROVEMENT FUND - This fund was established to account for the Manor Drive/Palmetto Avenue/Oceana Boulevard intersection construction and is financed by traffic impact mitigation fees as outlined in the Pacifica Municipal Code (Section 8-18.01 to Section 8-18.06).

AIRCRAFT NOISE PROJECT FUND - This fund was established to record the financial transactions of an Aircraft Noise Abatement Project funded with Federal and San Francisco Airport grants.

PARKS AND PLAYFIELD FUND - This fund was financed by Parkland Dedication Fees as outlined in the Pacifica Municipal Code (Section 8-19.01 to Section 8-19.03).

PLANNED LOCAL DRAINAGE FUND - Revenues are derived from fees levied on new construction in local districts. Funds can be utilized only for the drainage system in those particular districts.

CITY OF PACIFICA, CALIFORNIA INTERNAL SERVICE FUNDS FISCAL YEAR ENDED JUNE 30, 2019

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

MOTOR POOL FUND - City of Pacifica operates a central garage, which provides services to various City departments on a cost reimbursement basis. Revenues for the fund are derived from rentals to the departments for usage of the equipment. The fund can be used only for the operation and replacement of the equipment.

SELF INSURANCE FUND - City of Pacifica established Self Insurance Funds to cover Employee Dental Insurance, Workers' Compensation, General Liability, Property, and Automobile Liability Insurance. Expenses are restricted to payments of claims, the premium for umbrella insurance, administration costs, and expenditures relating to the Safety Committee.

Notes:

* California property tax assessments are "acquisition" based, rather than cyclical based. In California, the property tax system is acquisition based, meaning that a real property is assessed upon acquisition or when newly constructed, and assessed at a ratio of 100% of fair market value as of the event date. After the acquisition or new construction basis is determined, year to year increases in assessed value are limited to no more than 2%. In the event of an economic downturn, real property is assessed at the lower of its acquisition basis, increased by the maximum of 2% per year or the fair market value as of January 2, whichever is lower.

Notes:

Under constitutional Amendment (Proposition 13) passed by voters in the State of California in June 1978, the tax rate (excluding bonded debt) is frozen at 1% of the full market value of property. This tax is collected by the County Tax Collector and distributed on a formula determined by the State Legislature. Local agencies levy the tax rate only for general obligation bonds, or in excess of 1% if two-thirds of the voters in the area authorize such a rate increase. All tax levies include Homeowner's Property Tax Relief and Business Inventory Property Tax Relief.

Notes:

Operating Expenses excludes depreciation, capital expenditures and debt service
 Include the Series 2014 and the Series 2017 Wastewater Revenue Refunding Bonds
 Includes the SRF Loan, CSCDA 2001 Loan and the 2012 Loan. Debt service on the SRF Loan for FY2006 and FY2007 had been prepaid by the 2004 Wastewater Bonds

(4) The bond indentures and the 2012 Loan Agreement require minimum annual debt service coverage of 1.25x. The 2001 CSCDA loan requires a minimum annual DS coverage of 1.10x.
