[CAUTION: External Email]

Dear City Council members,

I write this evening to ask that an urgent agenda item be added to start the process of officially updating Pacifica's wireless ordinances. During the time Verizon works on the Redwood site, it is important to protect other homes from facing a similar issue. Please do so ASAP.

Thank you for your attention to this important matter!

Greetings, I cannot attend the meeting tonight but would like to add the topic of 5g cell towers to the agenda.

While Verizon works on the Redwood site, it is important to protect other homes from facing a similar issue. Please add an agenda item asap to start the process of officially updating our wireless ordinances.

Many thanks,
Melissa
