**Public Comment re: Cell Phone Towers**

Hi Elizabeth,

I know this isn't on the agenda for this week, but I'm sending it to you and Public Comment as I know this has been a reoccurring discussion between the public and Council.

Thanks!  
Shelby

**Subject:** Cell phone towers

**[CAUTION: External Email]**

Dear City Council members, please update the city ordinances regarding cell phone tower placement. I urge you to vote against Verizon cell phone tower placement on Redwood Way. I think that cell phone towers should not be placed next to residences because it is not safe.

Thank you.

Betsy Giovannoni  
Pacifica Homeowner

[CAUTION: External Email]

Hello City Council Representatives,

I wanted to request that you add an item to the agenda to consider zoning changes that would prevent small antenna cell phone towers from being placed close to schools.

Thank you for considering this.

Sincerely,  
Angela Koblitz

**Subject:** Agenda #12

**[CAUTION: External Email]**

Agenda #12 for Oct 12 20  
Sue Digre

In the proposals it is mentioned: "maybe mailers" would be sent out.

We owe it to the Public to be very pro-active about informing all residents in a timely matter and in enabling all residents to be engaged .

The residents need assurances .

How exactly are the non-techy reached?

How are they able to respond in a timely manner?

Please make this a priority.

Thank you

**Subject:** FW: Balboa Way

Hi Elizabeth,

**Email related to Balboa Way construction project discussed at 9/29/2020 Council Meeting. Resident noted that he would have spoken during Oral Communications with the message provided below.**

Sending this your way and to Public Comment. I'm not sure if you'd be in charge of handling PW's insurance claims, but I just wanted to loop both you and Kevin in should a bigger situation come from it.

Thanks!  
Shelby

**Subject:** Balboa Way

**[CAUTION: External Email]**

I was told by Sue Vaterlaus that response to resident's of Balboa Way was in progress shortly after Tuesday night's city council meeting and could be seen on Channel 26.

Unfortunately, I don't have access to Channel 26.

I informed Sue Vaterlaus of this. She did not offer any further assistance or information regarding the substance of Channel 26's broadcast.

Can you tell me how I can get this information?

I was denied an opportunity to address the council on Tuesday either by neglect or technical difficulties.

Had I been given a chance to speak, this is what I would have said:

"Thank you for the opportunity to address you and share my concern for a fair and responsible completion of the Balboa Wayproject, now over three years in the process.

My home has been affected structurally by the work on the street.

There are visible cracks in the foundation, misalignment of the interior framework of the house and the fixtures, and possible loss of the landfill beneath our front yard and driveway.

This last item is based on unevenness of the walkway to our front door.

I've been told by Mr. Sun and others that my concerns have been submitted to the insurance company for their evaluation. I'm sure that Sedgwick is anxious to ensure that their coverage is invested in a fair and responsible manner. After all, "Taking care of people is at the heart of everything we do." ...their words, not mine. I suspect, also, that the company has a staff of lawyers to argue the merits of every claim.

My question is this: Do you expect us to deal directly with Sedgwick, thus relieving the city of any further involvement or responsibility?"

I await your response.

Sincerely,  
Michael Kranzke
