**Subject:** Re: 2022-03-28 Item 6 Park Fees

**[CAUTION: External Email]**

Honorable City Council Was trying to speak on this item but the call did not get recognized by clerk

Wanted to urge the City Council to adopt the park fees as the fees are way too low per the report.

Also the tiered waiver of the fees as council discussed for affordable housing makes sense

Thank you and Best Regards,

**Remi Tan**, AIA, LEED AP BD+C

**Subject:** Writing in support of the proposed bike park

**[CAUTION: External Email]**

To whom it may concern,

As a resident of Sharp Park, I'm writing to voice my support of a Bike Park in Lower Frontierland Park.

Since moving to Pacifica last year, the mountain biking community has brought me great joy and a sense of belonging. When I connect with other cyclists on the trails, I find an instant kinship in our shared appreciation for the natural beauty of Pacifica.

A bike park would help nurture this excellent community of cyclists and hopefully even expand the community as more people find a friendly entry point to the sport through the bike park.

Best,

Katie Bond

**Subject:** Bike park at Frontierland Park

**[CAUTION: External Email]**

Hello,

I'd like to voice my support for this. I hope the few hour lateness is ok.

We've been residents of Pacifica for 3 years, and I've been traveling here regularly to surf for over a decade. We specifically chose Pacifica to purchase our home and raise a family because of the nature and adventure. We hike, we bike, we surf, and we love it here. We've also planned to raise our new family with the same set of interests and outlets.

I'm originally from Vancouver BC, and grew up mountain biking on Vancouver's North Shore as mountain biking was exploding in the 1990s and 2000s. I saw firsthand how it went from a fringe activity, to one where the city and community embraced it. Now, decades later, you see a vibrant scene, with fantastic infrastructure, families, schools, young, old, all enjoying biking in their community. It supported an incredible quality of life, and brought people together in the community.

I see a similar potential with this park. We want to bring our 10 month old out in a few years when he's able to straddle a tiny bike, and share that with him. We've long wanted Pacifica to more actively embrace the sport we love, and see the advantages manifest for the community. We hope this park can do that.
